

WEBVTT

1

00:00:00.000 --> 00:00:04.529

Ingrid Schonfield she/her: On the pack mountain website in a couple of days.

2

00:00:05.460 --> 00:00:14.910

Ingrid Schonfield she/her: Also, just another small housekeeping item if I do hear background noise, even if it's wonderful music, I will mute your line but it's Okay, because you can unmute yourself if you need to.

3

00:00:15.780 --> 00:00:21.210

Ingrid Schonfield she/her: So with that, let me introduce a few of the wonderful members of the team.

4

00:00:22.140 --> 00:00:31.350

Ingrid Schonfield she/her: At pack mountain who are joining us today and then i'll turn it over to William for a little introduction to pack mountain itself so again, my name is Ingrid shawn field.

5

00:00:31.740 --> 00:00:49.050

Ingrid Schonfield she/her: And I am joined here today with William westmoreland, who is the incoming CEO of the organization also jeannie House, who is the program manager, for this initiative for journey to jobs i'm very pleased to have with us as well.

6

00:00:50.430 --> 00:01:06.180

Ingrid Schonfield she/her: Jackie the Lascaux who is our contracts and senior program coordinator Kelly fujimoto community relations coordinator, and I think I may have missed a couple of other folks but there might be a few other pack mountain owners lurking here.

7

00:01:07.320 --> 00:01:12.210

Ingrid Schonfield she/her: So with that, let me share the agenda.

8

00:01:13.560 --> 00:01:23.310

Ingrid Schonfield she/her: and have asked William if you'd be so kind could you just give a little thumbnail overview about about PAC man and its mission for any folks who may not be familiar.

9

00:01:24.180 --> 00:01:26.790

PacMtn WDC: Sure absolutely so first of all thank you for joining.

10

00:01:28.350 --> 00:01:37.140

PacMtn WDC: As a sub you may or may not do PAC man is the local workforce Development Council and our role in the Community for the five counties we serve.

11

00:01:37.530 --> 00:01:52.200

PacMtn WDC: is to provide work for services to a wide variety of participants literally anyone, but we do have priority populations that we focus on, and we do outsource the service delivery.

12

00:01:52.920 --> 00:02:02.790

PacMtn WDC: Or the delivery of those services So what do we do these procurements we typically will kind of set the framework of what the service delivery model would look like sometimes it's very specific.

13

00:02:03.180 --> 00:02:07.470

PacMtn WDC: And then we seek responses to those programs.

14

00:02:08.250 --> 00:02:22.440

PacMtn WDC: This particular one is very exciting it while the approach that we're taking is something that we have experienced doing working directly with our House neighbors it at this level is relatively new to us in terms of a population.

15

00:02:23.040 --> 00:02:38.760

PacMtn WDC: Doing that directly in emerging the Community so we're excited about doing this work, it is an opportunity for us to learn so we're really looking forward to the expertise that a provider will bring to the conversation and help us build our skill set so we can continue to do this work.

16

00:02:40.410 --> 00:02:40.980

PacMtn WDC: that's it.

17

00:02:42.000 --> 00:02:50.670

Ingrid Schonfield she/her: beautifully done Thank you so much, so just want to draw your attention to the agenda and, by the way, if anyone cannot see my screen, let me know.

18

00:02:53.400 --> 00:02:54.600

Ingrid Schonfield she/her: Great so.

19

00:02:55.950 --> 00:03:11.400

Ingrid Schonfield she/her: i'm sure many of you have been to this sort of information session in the past but we're just going to give it a thumbnail sketch of the opportunity scope of work deliverables the

process to apply and really we want to spend the bulk of our time, addressing any questions that you have.

20

00:03:12.540 --> 00:03:20.370

Ingrid Schonfield she/her: We realize, of course, after we published the rfp there are a couple of things that might be a little bit confusing so we're happy to do our very best to answer those.

21

00:03:20.910 --> 00:03:37.920

Ingrid Schonfield she/her: Questions now, and if we can't answer them we promise to get you answers in the next few days, and we will post again everything from this this session, the recording answers to questions were able to answer on the spot on our website in a couple of days sound good.

22

00:03:39.210 --> 00:03:40.260

Ingrid Schonfield she/her: Alright, moving on.

23

00:03:43.290 --> 00:03:44.910

Ingrid Schonfield she/her: So rfp overview.

24

00:03:46.950 --> 00:03:47.520

Ingrid Schonfield she/her: So.

25

00:03:51.570 --> 00:03:56.730

Ingrid Schonfield she/her: I just want to give a little bit of background because it's kind of again, as I mentioned, is a really interesting opportunity.

26

00:03:57.450 --> 00:04:01.770

Ingrid Schonfield she/her: So basically in alignment with the city of olympians one Community plan.

27

00:04:02.700 --> 00:04:16.680

Ingrid Schonfield she/her: And the city of olympians economic development departments kind of reset post post coven 19 reset efforts we are going to stand up a workforce program for our House neighbors.

28

00:04:17.310 --> 00:04:36.750

Ingrid Schonfield she/her: And the concept here is that we want to really be client centered with a vision of creating meaningful work and work preparation services for our housing, can you Members who are residing in emergency housing.

29

00:04:37.800 --> 00:04:51.030

Ingrid Schonfield she/her: locations like drexel house Plum Village hope and quince villages So these are folks who have some degree of housing stability but not, you know not permanent housing yet.

30

00:04:52.500 --> 00:05:00.150

Ingrid Schonfield she/her: And, and all of this will work will be in coordination and close partnership with the city is existing.

31

00:05:01.410 --> 00:05:05.070

Ingrid Schonfield she/her: homeless service providers emergency housing providers.

32

00:05:05.520 --> 00:05:21.270

Ingrid Schonfield she/her: So, so please exhale if you're feeling like wow, this is a lot of work for one person that it's not just you you'll be with a really great group of folks who have deep deep experience with that component, with the emergency housing and homeless service provision.

33

00:05:22.650 --> 00:05:36.960

Ingrid Schonfield she/her: I think I mentioned already, the model is really using a client centered model and also using peer liaison or pure counselor type folks to help which we found to be wildly successful with other.

34

00:05:38.100 --> 00:05:50.850

Ingrid Schonfield she/her: Projects so using pure cohorts employing peer workforce liaison to build relationships and engage on house residents in the initiative and to gather input and really want to, we want to continuously refine.

35

00:05:51.210 --> 00:05:52.620

Ingrid Schonfield she/her: and improve as we go.

36

00:05:52.920 --> 00:06:02.160

Ingrid Schonfield she/her: right because it's kind of a first for us and we're and we were sure that you many of you have great experience in this so we're excited to hear your thoughts to.

37

00:06:03.330 --> 00:06:18.750

Ingrid Schonfield she/her: A little note about the activities that an unhealthy neighbor might want to access it again it's very client focused, so it could be anything from work readiness training preparation.

38

00:06:19.680 --> 00:06:35.220

Ingrid Schonfield she/her: Work readiness workshops paid work experience micro enterprise support vocational training supportive services connection to jobs, and of course connection to other relevant services to support them on their path.

39

00:06:36.420 --> 00:06:46.440

Ingrid Schonfield she/her: So, and on the slide you have a little bit about the anticipated funding amount project period, the city has discussed with us the period being 12 to 18 months.

40

00:06:47.010 --> 00:06:55.980

Ingrid Schonfield she/her: we're thinking that will get the kickoff really next month and go through August 2023.

41

00:06:56.790 --> 00:07:10.410

Ingrid Schonfield she/her: And by the way, I should have told you earlier, please feel free to put questions in the chat or just unmute yourself and ask questions as we go I don't want you to forget anything Okay, so far, so good okay.

42

00:07:13.740 --> 00:07:21.300

Ingrid Schonfield she/her: So a couple other things who's eligible to bid or apply for this just opportunity.

43

00:07:22.380 --> 00:07:23.400

Ingrid Schonfield she/her: could be an individual.

44

00:07:24.720 --> 00:07:34.200

Ingrid Schonfield she/her: governmental agencies private nonprofits for profits and educational entities, so we want to really find folks who have passion for this work.

45

00:07:35.400 --> 00:07:37.170

Ingrid Schonfield she/her: and expertise.

46

00:07:38.340 --> 00:07:42.510

Ingrid Schonfield she/her: And we'll get i'll say a little bit more about that in a minute about kind of what would make you successful.

47

00:07:45.240 --> 00:07:52.560

Ingrid Schonfield she/her: let's take a quick look at some of the themes of this rfp scope of work and deliverables.

48

00:07:55.140 --> 00:07:58.680

Ingrid Schonfield she/her: So and and pack mountain team, please jump in at a time.

49

00:08:00.210 --> 00:08:00.750

Ingrid Schonfield she/her: So.

50

00:08:04.470 --> 00:08:22.290

Ingrid Schonfield she/her: You can see on the screen or i'm hoping the kind of the main themes so delivering and overseeing the delivery of of work preparation, employment, training services referrals and and our vision here is to have we're going to hire three pure workforce liaison.

51

00:08:23.430 --> 00:08:41.130

Ingrid Schonfield she/her: that the service coordinator will mentor supervise support so those folks will be really working embedded in an embedded way with the emergency housing providers to find folks who are interested in have capacity to engage in this initiative.

52

00:08:43.560 --> 00:08:54.030

Ingrid Schonfield she/her: Another chunk of work is related to stakeholder engagement, so, in addition to the on our on house neighbors in these tiny villages.

53

00:08:54.660 --> 00:09:06.840

Ingrid Schonfield she/her: we're looking at we'd like to have a steering committee committee setup stood up so that it can inform the project and be a no feedback mechanism with our neighborhood with our community with our city.

54

00:09:08.070 --> 00:09:21.270

Ingrid Schonfield she/her: other stakeholders include the city of Olympia thurston county thurston strong a subset of the thurston Economic Development Council and, of course, our emergency housing and homeless service providers.

55

00:09:22.770 --> 00:09:31.530

Ingrid Schonfield she/her: I guess the third chunk of work or bucket is around supervision management again to assist in the hiring of our pure work first liaisons.

56

00:09:32.580 --> 00:09:41.700

Ingrid Schonfield she/her: And do the usual kind of project stuff that we need to do right manage some data track it track outcomes costs, etc.

57

00:09:42.720 --> 00:09:51.300

Ingrid Schonfield she/her: And, and lastly I mentioned before we're really interested in continuously refining improving the project, the initiative, the approach.

58

00:09:52.710 --> 00:09:57.990

Ingrid Schonfield she/her: Through that stakeholder engagement, we want to be really humble we don't know all the answers.

59

00:09:59.220 --> 00:10:04.560

Ingrid Schonfield she/her: And we want to be open to it again just creating the best possible initiative that we can.

60

00:10:07.680 --> 00:10:09.930

Ingrid Schonfield she/her: A little bit about the application process.

61

00:10:11.850 --> 00:10:16.650

Ingrid Schonfield she/her: How am I going, how are you doing is this too fast, are you guys Okay, so far, so good okay cool.

62

00:10:18.060 --> 00:10:20.160

Ingrid Schonfield she/her: I get excited and sometimes go really fast.

63

00:10:21.570 --> 00:10:27.510

Ingrid Schonfield she/her: So I want to just reiterate and clarify a few things so all of this, that you see on the slide here is in the rfp.

64

00:10:30.540 --> 00:10:40.530

Ingrid Schonfield she/her: couple things to clarify, there are nine supplemental questions or eight if you don't need to provide extra information and we'd love it to.

65

00:10:41.160 --> 00:10:54.600

Ingrid Schonfield she/her: Be all those answers to be quite brief not to exceed seven single spaced pages up and I look say you have a type of hair and up to two pages of attachment Kelly remind me to fix this before we post this on the website.

66

00:10:56.010 --> 00:11:01.830

Ingrid Schonfield she/her: There is a there's a section here, let me just pull it up real quick about references.

67

00:11:02.850 --> 00:11:06.540

Ingrid Schonfield she/her: And so I think that's what I wanted to mention here.

68

00:11:07.710 --> 00:11:19.620

Ingrid Schonfield she/her: There are nine proposal questions, a second one discusses experience with similar projects attached at least two demonstrations, with some little work so feel free to attach another couple pages, if you need to.

69

00:11:21.300 --> 00:11:32.880

Ingrid Schonfield she/her: wanted to clarify a sees that the other one that might be it actually I think that's it so those are kind of the components and again this is in the rfp there are a little couple of places where we are.

70

00:11:34.860 --> 00:11:40.260

Ingrid Schonfield she/her: A little bit inconsistent about the number of pages so again questions, maybe up to seven pages.

71

00:11:44.940 --> 00:11:47.610

Ingrid Schonfield she/her: Jackie is that good anything else was there to murky.

72

00:11:49.140 --> 00:11:49.980

Ingrid Schonfield she/her: Just murky enough.

73

00:11:52.680 --> 00:11:58.800

Jackie Velasco (she/her): think you did great and we it wasn't clear, everyone is totally welcome to ask any clarifying question.

74

00:11:59.220 --> 00:11:59.430

Jackie Velasco (she/her): Yes.

75

00:11:59.640 --> 00:12:01.500

Ingrid Schonfield she/her: Please do thanks.

76

00:12:05.700 --> 00:12:08.070

Ingrid Schonfield she/her: little bit about the evaluation criteria.

77

00:12:11.100 --> 00:12:18.240

Ingrid Schonfield she/her: So the those kind of supplemental questions those nine questions really are the the most weighted component.

78

00:12:19.260 --> 00:12:28.140

Ingrid Schonfield she/her: followed by your history and background in workforce career development and working ideally with homeless populations.

79

00:12:29.430 --> 00:12:37.290

Ingrid Schonfield she/her: or awareness of issues related to those are neighbors who are announced permanently and then cost effectiveness.

80

00:12:43.290 --> 00:12:46.080

Ingrid Schonfield she/her: we'd love to get proposals by the 21st.

81

00:12:53.940 --> 00:12:54.450

Ingrid Schonfield she/her: So.

82

00:12:56.820 --> 00:12:59.880

Ingrid Schonfield she/her: Just to kind of sum up kind of what we're looking for.

83

00:13:02.940 --> 00:13:11.070

Ingrid Schonfield she/her: A combination of again project experience with projects that have multiple components multiple stakeholders.

84

00:13:12.960 --> 00:13:19.740

Ingrid Schonfield she/her: We love for folks to have some career development or and or workforce development expertise.

85

00:13:21.030 --> 00:13:27.600

Ingrid Schonfield she/her: and familiarity with common challenges that our neighbors facing homelessness encounter.

86

00:13:28.770 --> 00:13:30.660

Ingrid Schonfield she/her: Of course stakeholder engagement skills.

87

00:13:32.610 --> 00:13:46.650

Ingrid Schonfield she/her: And I just say, really, we want to make sure that we are being respectful and empathetic for our for individuals who are impacted by homelessness and again having them be at the very Center of this initiative.

88

00:13:48.660 --> 00:13:51.300

Ingrid Schonfield she/her: And it wouldn't hurt if you have some passion for client centered services.

89

00:13:58.980 --> 00:14:08.970

Ingrid Schonfield she/her: little bit about the announcement process, so we post everything on our website, which is the same one you use to find this rfp.

90

00:14:10.380 --> 00:14:16.200

Ingrid Schonfield she/her: And we'd love it if you take it upon yourselves to be responsible to check the website to make sure.

91

00:14:17.430 --> 00:14:18.690

Ingrid Schonfield she/her: You know what where things stand.

92

00:14:23.490 --> 00:14:25.470

Ingrid Schonfield she/her: I went kind of faster all that.

93

00:14:26.640 --> 00:14:31.380

Ingrid Schonfield she/her: I want to pause here and see if you have questions and.

94

00:14:33.360 --> 00:14:42.120

Ingrid Schonfield she/her: we're pretty small group I mean here's our official protocol for asking questions you can raise your hand either the virtual hand icon in zoom.

95

00:14:43.350 --> 00:14:51.630

Ingrid Schonfield she/her: Or you can just unmute yourself it's fine with me if you want to unmute we love it if you put questions in the chat as well, because that way, we make sure that we record them correctly.

96

00:14:53.010 --> 00:14:58.530

Ingrid Schonfield she/her: So let me just pause here and expand my chat box to see if I can see what questions have come in.

97

00:15:02.250 --> 00:15:13.590

Ingrid Schonfield she/her: OK Danny great question looks like Jackie already addressed it seven pages total for the proposal, and if you want, you can include additional references so that would be nine pages in total, thank you for that.

98

00:15:15.420 --> 00:15:19.800

Ingrid Schonfield she/her: Other questions there's no no dumb questions.

99

00:15:21.300 --> 00:15:33.120

Ingrid Schonfield she/her: i'll angie great question has a steering committee been formed, yet it has not been formed yet and that's something that we're hoping that our fabulous new service coordinator can facilitate.

100

00:15:36.810 --> 00:15:38.460

Ingrid Schonfield she/her: What else is coming up for you now.

101

00:15:43.590 --> 00:16:06.600

Jessica Brasher: hi Ingrid this is JESSICA brasher and I had a question regarding the peer liaisons and how those are funded with those be funded through the award amount, or would the award amount, just before the supervision and direction of those peer liaisons.

102

00:16:06.630 --> 00:16:20.160

Ingrid Schonfield she/her: Great question JESSICA, so we have some flexibility in that, but they award amount for the hundred thousand dollars for this service coordinate rfp is not does not including funding for this pure liaisons.

103

00:16:21.180 --> 00:16:33.810

Ingrid Schonfield she/her: And to go one more level down so again, we were open to a variety of different kinds of entities applying for this opportunity, so if, for example, you might be you're an individual.

104

00:16:34.920 --> 00:16:36.810

Ingrid Schonfield she/her: consultant in this space.

105

00:16:38.400 --> 00:16:57.780

Ingrid Schonfield she/her: Back mountain could act as the employer record and we would pay the liaison through our administrative structures, if, conversely, maybe Danny our Arc decides to take this on and he says i've got and i'm sorry Danny if i'm using the wrong pronouns I can't quite make you out.

106

00:16:59.250 --> 00:16:59.850

Ingrid Schonfield she/her: There you are.

107

00:17:01.020 --> 00:17:14.160

Ingrid Schonfield she/her: So maybe Danny says no i'd rather have my organization pay for those pure liaison so we can have a discussion about how that might work, hopefully, I said that correctly and William and correct me if i'm wrong.

108

00:17:18.900 --> 00:17:20.970

Ingrid Schonfield she/her: What else is percolating for you.

109

00:17:26.430 --> 00:17:31.320

Ingrid Schonfield she/her: I hope you're excited by the flexibility in this initiative, you can really make it.

110

00:17:32.640 --> 00:17:36.750

Ingrid Schonfield she/her: Something right there's a lot of flexibility, we want to make it great for our city.

111

00:17:40.050 --> 00:17:44.340

Nate Mazzuca: um hi this is nate with career path services, I have just one quick question I was thinking about.

112

00:17:45.480 --> 00:17:52.500

Nate Mazzuca: The work that's already currently being done by the city and the other entities and the work that's in place right now, are there.

113

00:17:53.940 --> 00:18:06.240

Nate Mazzuca: Like any written reports or any sort of like an annual reports or any that kind of stuff that's in place now that could be access to help this is we're formulating ideas to make sure we're building off of the Foundation that's already there and aligning or thinking with them.

114

00:18:06.600 --> 00:18:07.680

Nate Mazzuca: mm hmm me.

115

00:18:07.740 --> 00:18:23.400

Ingrid Schonfield she/her: That is brilliant i'll start off and say and i'll encourage my colleagues to join in, I i'm not aware of a report i'm sure that there are reports, and I would suggest that the service coordinator would definitely be in close coordination with.

116

00:18:24.900 --> 00:18:35.010

Ingrid Schonfield she/her: Those entities like Catholic community services lehigh etc to get that information and build from it, William do you have a better answer or additional.

117

00:18:36.060 --> 00:18:48.720

PacMtn WDC: we're just going to point out that this project really while it's funded by our dollars, it really stems from the city's earlier efforts I think it's around 2018 2019 that there.

118

00:18:49.290 --> 00:18:55.260

PacMtn WDC: They had a huge convening and brought a lot of people to the table to discuss it and that we referenced the plan.

119

00:18:55.890 --> 00:19:08.790

PacMtn WDC: In the rfp documentation, I will say that we've tried or the city's traveled quite a distance, since that point, so there may be additional information that we could pull up but that's really.

120

00:19:09.240 --> 00:19:17.580

PacMtn WDC: kind of have we centered our approach is building off of the the key deliverables from the city's plan and I forget the name of the plan i'll pull it up here.

121

00:19:17.760 --> 00:19:19.080

Ingrid Schonfield she/her: it's the one Community plan.

122

00:19:19.350 --> 00:19:33.180

PacMtn WDC: There you want to meet I do with something like that one Community plan, I think that would probably be the best resource, but we can check with the city, to see if they have more data and information, since that report was both.

123

00:19:36.150 --> 00:19:39.450

Ingrid Schonfield she/her: Did that answer the question nate i'm wondering if there was a sub question that we didn't get to.

124

00:19:39.810 --> 00:19:42.120

Nate Mazzuca: That was completely helpful, I appreciate it Thank you okay.

125

00:19:42.150 --> 00:19:43.350

Ingrid Schonfield she/her: yeah no worries at all.

126

00:19:46.170 --> 00:19:50.250

Ingrid Schonfield she/her: And I guess I might just add to that I think it's our hope that the.

127

00:19:51.060 --> 00:20:06.600

Ingrid Schonfield she/her: Like the housing providers already have structures in place and some reports or some assessments even that our service coordinator could leverage to do some of this work to you know engage folks and to assess them and make sure that we're being client centered.

128

00:20:09.030 --> 00:20:12.180

Ingrid Schonfield she/her: Thanks Jackie Jackie posted the link to the one key plan.

129

00:20:12.720 --> 00:20:13.710

Jackie Velasco (she/her): No prob.

130

00:20:16.260 --> 00:20:17.190

Ingrid Schonfield she/her: What else folks.

131

00:20:18.240 --> 00:20:19.140

Danny Burkett/Our Ark: I have a question.

132

00:20:21.150 --> 00:20:21.600

Danny Burkett/Our Ark: mark.

133

00:20:22.980 --> 00:20:30.420

Danny Burkett/Our Ark: It says that the Pier workforce liaisons they want to go out and reach out to these individuals is that what i'm hearing.

134

00:20:30.960 --> 00:20:31.410

Ingrid Schonfield she/her: got it.

135

00:20:31.680 --> 00:20:35.850

Danny Burkett/Our Ark: So where are they going to reach out to these people.

136

00:20:36.810 --> 00:20:37.800

Ingrid Schonfield she/her: Great question Danny.

137

00:20:38.460 --> 00:20:40.710

Danny Burkett/Our Ark: are then all of that.

138

00:20:41.550 --> 00:21:02.310

Ingrid Schonfield she/her: Well, we were here's our initial thoughts and again open to refinements that the folks will be possibly identified to be purely as ons by our housing partners and they may they may they will be embedded with the housing partners in the tiny villages.

139

00:21:04.230 --> 00:21:16.080

Ingrid Schonfield she/her: So they might even just So the idea is their peers they're talking to their neighbors they already know their

neighbors their nose some of the folks who are ready to work, want to work or want to kind of get re engaged in that.

140

00:21:18.360 --> 00:21:22.200

Ingrid Schonfield she/her: William is there anything else or or jeannie i'm sorry I should have called any earlier.

141

00:21:26.550 --> 00:21:29.400

PacMtn WDC: I think that that captures that well.

142

00:21:30.000 --> 00:21:31.710

Jeannie House: yeah I do too I do too.

143

00:21:33.150 --> 00:21:33.600

Thank you.

144

00:21:34.770 --> 00:21:37.320

Ingrid Schonfield she/her: Great questions you guys what else, what else, are you thinking about.

145

00:21:45.480 --> 00:21:55.200

Jeannie House: Ingrid I think some of our questions, those nine questions, possibly could scare some people, so I would encourage everyone to think outside the box.

146

00:21:55.740 --> 00:22:05.790

Jeannie House: On this don't be literal you know if you're if you're talking about workforce development that goes a lot of different directions so just you know throw your hat into it.

147

00:22:07.110 --> 00:22:09.870

Jeannie House: If you've got a plan let's use it look at it.

148

00:22:11.220 --> 00:22:25.350

Ingrid Schonfield she/her: that's a great point you need Thank you and and jeannie will be there to support the service coordinator all along the way, and she has amazing depth of experience and energy and ingenuity, so our service coordinator will.

149

00:22:25.350 --> 00:22:26.730

Ingrid Schonfield she/her: not be all by themselves.

150

00:22:27.840 --> 00:22:31.770

PacMtn WDC: I think one of the ways to look at that is exactly as you said, Ingrid and.

151

00:22:32.250 --> 00:22:48.090

PacMtn WDC: A genie we we will bring the services and the knowledge of how to deliver those services to table really help guide the work, what we really need help with is connecting to the population in a meaningful way right so that's really where the peer navigators come, but even with.

152

00:22:49.230 --> 00:22:59.970

PacMtn WDC: This role we want to be, we want someone or an individual or organization that has experienced with that population and and knows how to navigate in the communities here.

153

00:23:00.540 --> 00:23:10.710

PacMtn WDC: You know, it would be great for the coordinator to be closer to the Community of the Community from the Community all of those things would be would make sense, with with the coordinator role as well.

154

00:23:11.970 --> 00:23:19.860

Jackie Velasco (she/her): You know I think we're all partners in this work together, so I think we kind of realized how sometimes these initiatives are born, where the city recognizes that.

155

00:23:20.310 --> 00:23:25.800

Jackie Velasco (she/her): Maybe city residents aren't happy about this group of people who are camping in this park or things like that.

156

00:23:26.190 --> 00:23:35.940

Jackie Velasco (she/her): But and and the idea always comes to mind as workforce professional like oh we'll just get someone a job and we'll put the work in it will be fine and as partners in the work that you all are up to, I think you recognize the complexities.

157

00:23:36.390 --> 00:23:42.030

Jackie Velasco (she/her): around those things so where we can bring expertise and structure and strategy and working with our city partners.

158

00:23:42.420 --> 00:23:53.730

Jackie Velasco (she/her): Then we can also bring support to you all in when you're trying to do the actual boots on the ground, support and trying to bring those realities to fruition i'm in terms of making a difference in people's lives.

159

00:23:55.680 --> 00:24:06.390

Ingrid Schonfield she/her: Thank you so much Jackie that's perfect and thank you, William Danny has a great question in the chat What if you've broken ground a few services and programs I say, all the better bring it on.

160

00:24:07.860 --> 00:24:09.030

Ingrid Schonfield she/her: who's with me on that.

161

00:24:09.870 --> 00:24:11.700

Jeannie House: I am yep yep.

162

00:24:11.940 --> 00:24:18.840

PacMtn WDC: I think that's that's a really good point, I think, to highlight or finger probably already guys is that.

163

00:24:19.920 --> 00:24:27.930

PacMtn WDC: You know when the city first practices project they literally said well you know we just get these people jobs, maybe we can they can get stable housing if we're like.

164

00:24:29.160 --> 00:24:42.720

PacMtn WDC: Okay, so let's bring that down to reality, it really I think the way to frame this is, we want to move them along their journey towards self sufficiency towards being able to to be prepared for stable housing.

165

00:24:43.230 --> 00:24:53.400

PacMtn WDC: and work experience we think can contribute to that right so we're We understand that we are not likely to have someone come out of those programs will be.

166

00:24:53.730 --> 00:24:56.550

PacMtn WDC: In stable housing, as a result of getting some work experience.

167

00:24:57.000 --> 00:25:07.380

PacMtn WDC: really what we're looking for is to help build their confidence and it starts to contribute to the Community, they are in so it's really more about their progression as individual versus.

168

00:25:07.740 --> 00:25:19.590

PacMtn WDC: You know the panacea of like oh when they got a job, and now they have an apartment right we understand the difference, but meeting people where they are moving them along that journey in a meaningful way is really I think the best way to kind of break that.

169

00:25:21.900 --> 00:25:26.280

Ingrid Schonfield she/her: Thank you, William Norman i'm so sorry we have not giving you your do please.

170

00:25:26.700 --> 00:25:32.760

Norman Brickhouse - He, Him: that's quite all right, thank you i'm Norman brickhouse i'm with Vallejo vocation we're in Tacoma Washington.

171

00:25:33.090 --> 00:25:38.820

Norman Brickhouse - He, Him: We have a contract with the city it's a coma providing homeless services but part of that contract is providing.

172

00:25:39.090 --> 00:25:48.330

Norman Brickhouse - He, Him: subsidize wages for people i'm in a three phase program supportive services to pay for transportation, I can pick for housing, I could pay for an.

173

00:25:48.720 --> 00:26:01.860

Norman Brickhouse - He, Him: I nine verification that's one of the things that people don't even think about I mean birth certificate so security cards ids will there be supportive services to pay for such things, and what outcomes are you trying to achieve.

174

00:26:05.100 --> 00:26:20.340

Ingrid Schonfield she/her: Great question, I can I can try to start, and I think we might need to flush this out a little bit more so i'm going to start with backwards, because that's easier for me so terms of outcomes Norman in the rfp there are some deliverables hold on one second I just dropped my hard copy.

175

00:26:21.660 --> 00:26:24.360

Ingrid Schonfield she/her: We outlined some deliverables in the rfp.

176

00:26:25.980 --> 00:26:30.690

Ingrid Schonfield she/her: And, quite a few and kind of hope that there are fairly.

177

00:26:31.470 --> 00:26:40.650

Ingrid Schonfield she/her: doable kind of so one is infant informing and about 60 members of olympians on house committee just about services so just informing.

178

00:26:40.890 --> 00:26:55.830

Ingrid Schonfield she/her: And then we kind of go from the 16 number and we narrow it down to more and more specifics deliverables like creating tailored service delivery plans are about 40 people and engaging about 40 people in some sort of work experience or work preparation.

179

00:26:57.120 --> 00:26:58.740

Ingrid Schonfield she/her: or job training, etc.

180

00:27:00.210 --> 00:27:10.740

Ingrid Schonfield she/her: In hiring mentoring and embedding the workforce liaison as a deliverable referring about 20 unhealed residents to supportive services to ensure sufficient scaffolding.

181

00:27:11.940 --> 00:27:22.020

Ingrid Schonfield she/her: etc so take a look at page for the rfp and I read that because I want to remember what we said about supportive services, and so I would say i'll start to say that.

182

00:27:23.040 --> 00:27:38.760

Ingrid Schonfield she/her: We do have pack mountain he has deep experience in the world workforce development career development and so has lots of experience with referring folks to partners for supporters services me pause there and have William or jeannie pick up the mantle from there.

183

00:27:41.040 --> 00:27:42.930

Jeannie House: I think i'll defer to William on this one.

184

00:27:44.940 --> 00:27:45.270

Nice.

185

00:27:49.080 --> 00:27:53.310

PacMtn WDC: If I could find my controls, what was the question i'm sorry, could you repeat it just make sure we stood it.

186

00:27:55.380 --> 00:27:56.580

Ingrid Schonfield she/her: Normally, what you mind repeating.

187

00:27:57.000 --> 00:28:04.110

Norman Brickhouse - He, Him: sure we have funds to provide supportive services for our clients that pay for it, nine verification transportation.

188

00:28:04.440 --> 00:28:11.160

Norman Brickhouse - He, Him: We can pay for housing, I could buy clothes, I mean all these things are necessary, I mean hygiene kits.

189

00:28:11.400 --> 00:28:22.890

Norman Brickhouse - He, Him: If you're going to be working with someone it sounds like we want to get into training program sounds like we want to get them into some type of beef that program services and start working on employment services identify.

190

00:28:23.970 --> 00:28:36.600

Norman Brickhouse - He, Him: training programs a career assessment, but to do all these things you also need that extra money to buy a toothbrush get close so they can show up for work, what about.

191

00:28:37.350 --> 00:28:48.510

Norman Brickhouse - He, Him: Taking a shower every day, I mean when we do homeless services into coma we really micromanage our people, just so that they have the best outcome of success, what will it look like an Olympian.

192

00:28:50.790 --> 00:28:58.860

PacMtn WDC: yeah so they're in in the funds that we have available for program there's a little bit of that money, but the city was very specific about.

193

00:28:59.250 --> 00:29:11.880

PacMtn WDC: The the money translating into wages or stipends what have you we would look to co enrolling them into our we owe up based programs for those additional support services.

194

00:29:12.630 --> 00:29:13.410

Norman Brickhouse - He, Him: Okay, thank you.

195

00:29:14.550 --> 00:29:21.960

PacMtn WDC: and other referrals into Community organizations that can assist with those as well as as as they're appropriate okay.

196

00:29:22.770 --> 00:29:23.370

Jackie Velasco (she/her): It might.

197

00:29:23.910 --> 00:29:37.590

Jackie Velasco (she/her): not be familiar and pregnant and oversees other programming that provides employment support services, so if there was somebody who was eligible across multiple programs, we would probably encourage coach enrollment to leverage those funds.

198

00:29:40.500 --> 00:29:42.180

Norman Brickhouse - He, Him: Those great Thank you.

199

00:29:43.980 --> 00:29:47.910

Ingrid Schonfield she/her: Thanks so much guys angie we did you have a thought I felt creativity coming from you.

200

00:29:51.360 --> 00:29:51.660

Ingrid Schonfield she/her: know.

201

00:29:53.670 --> 00:29:55.380

Ingrid Schonfield she/her: JESSICA hand is up go ahead JESSICA.

202

00:29:56.970 --> 00:30:04.080

Jessica Brasher: I, so I have one more question I don't know if this is the right group that would have the answer but i'm curious about.

203

00:30:04.650 --> 00:30:21.540

Jessica Brasher: The duration of the emergency housing, that the residents are currently in is there any concerns about losing their their current housing if they were to obtain employment or.

204

00:30:22.380 --> 00:30:37.680

Jessica Brasher: Are they currently working with agencies to kind of avoid that cliff that benefit cliff to continue the support for those residents and and also what is the the resident sense of urgency.

205

00:30:38.790 --> 00:30:45.660

Jessica Brasher: To leave their current situation to move into another self sufficient.

206

00:30:46.740 --> 00:30:49.350

Jessica Brasher: housing and employment situation.

207

00:30:51.300 --> 00:31:08.760

Ingrid Schonfield she/her: Shall I start off William and jeannie and you guys jump in, so I think a couple things so one the vision, at the moment is that the folks who will be served are already in like we call them tiny house villages like Plum Village and Quixote village.

208

00:31:09.930 --> 00:31:21.540

Ingrid Schonfield she/her: i'm not aware of a timeframe or a limit on their residency there, but we can certainly find out and post that on the website to make sure i'm speaking intern for once.

209

00:31:22.830 --> 00:31:24.210

Ingrid Schonfield she/her: And then, secondly.

210

00:31:25.980 --> 00:31:37.170

Ingrid Schonfield she/her: There is, again, we really, this is a client's opt in they decide if they are interested in any of the wide array of offerings.

211

00:31:37.680 --> 00:31:48.330

Ingrid Schonfield she/her: And they decide and to what degree, they participate again, it could be something as oh thanks Norman good point in chat Norman says into comments 12 months in the tiny House so.

212

00:31:48.840 --> 00:31:51.570

Ingrid Schonfield she/her: Good point we will definitely make sure to clarify that.

213

00:31:52.230 --> 00:32:02.070

Ingrid Schonfield she/her: But our vision is for the clients is on the client side as they decide what if, if they want to engage and to what extent so it's possible that someone and i've heard this.

214

00:32:02.460 --> 00:32:10.320

Ingrid Schonfield she/her: do some research with some of our local service providers at some folks are really like that amazing skills and they just might need a little brush up or that.

215

00:32:10.590 --> 00:32:15.090

Ingrid Schonfield she/her: That last certification to get back to work, and as an auto mechanic and I have amazing skills.

216

00:32:15.480 --> 00:32:30.150

Ingrid Schonfield she/her: And they're ready to go and the other folks might really need to just attach very gently, if you will, to some work experience, just to experience i'm taking a few hours, out of my day to do something slightly structured and i'm going to try to do it on a fairly regular basis, so.

217

00:32:31.440 --> 00:32:33.450

Ingrid Schonfield she/her: I don't know if that helps at all so help.

218

00:32:35.190 --> 00:32:48.810

Jessica Brasher: Yes, that that's helpful i'm just you know my my wheels are spinning here thinking about the different service delivery options and it just wanting to ensure we plan for any.

219

00:32:50.400 --> 00:32:56.520

Jessica Brasher: You know hard deadlines, where somebody may lose housing or ED parameters that we have to operate in.

220

00:32:57.180 --> 00:33:00.120

Ingrid Schonfield she/her: Right well i'm glad to hear that your wheels are spinning that's a good sign.

221

00:33:00.990 --> 00:33:01.620

Jessica Brasher: Thank you.

222

00:33:04.020 --> 00:33:05.490

Ingrid Schonfield she/her: Great questions you guys.

223

00:33:06.090 --> 00:33:08.550

Jeannie House: Think I think Danny has a question.

224

00:33:08.730 --> 00:33:09.720

Ingrid Schonfield she/her: Oh, please go ahead.

225

00:33:09.780 --> 00:33:10.800

Jackie Velasco (she/her): norman's got a hand up to.

226

00:33:11.310 --> 00:33:11.790

awesome.

227

00:33:13.350 --> 00:33:16.020

Danny Burkett/Our Ark: um I was asking.

228

00:33:18.030 --> 00:33:24.420

Danny Burkett/Our Ark: What i'm understanding is that the clients need already be in some type of housing.

229

00:33:26.160 --> 00:33:34.320

Danny Burkett/Our Ark: tiny homes or Whatever the case may be, yeah so they came just be off the street somewhere to swap it.

230

00:33:35.490 --> 00:33:35.940

Danny Burkett/Our Ark: Was I mean.

231

00:33:36.270 --> 00:33:42.600

Ingrid Schonfield she/her: I would say that the service coordinator, the service coordinators desires to get folks who are roaming around we wouldn't say no.

232

00:33:43.680 --> 00:33:56.550

Ingrid Schonfield she/her: The lower the lower hanging fruit, we think is to work with people who are already have some degree of stability in their housing because they're in the new that the official tiny home site they've got some services some connection to support.

233

00:33:57.930 --> 00:34:06.900

PacMtn WDC: I think that that just to build on to that Ingrid we we did intentionally decide because of our lack of experience pack mountains lack.

234

00:34:07.590 --> 00:34:25.500

PacMtn WDC: of experience with connecting with a you know this population that the logical place for us to beginning to engaging worthy identify three locations rosie space, the mitigation side and the plan street tiny has village.

235

00:34:26.610 --> 00:34:37.440

PacMtn WDC: I think the larger constraint is that this is city of Libya funding, while we all recognize this is not the city's so issue responsibility, we are targeting people.

236

00:34:38.550 --> 00:34:40.260

PacMtn WDC: In the cities.

237

00:34:42.180 --> 00:34:48.930

PacMtn WDC: boundaries That being said, we think, especially with the youth population we're likely to find that.

238

00:34:49.770 --> 00:34:55.320

PacMtn WDC: It may be easier to connect with them outside of of those particular communities.

239

00:34:55.650 --> 00:35:01.470

PacMtn WDC: This is really where the peer navigators will come into play, is to help understand not only where they are.

240

00:35:01.770 --> 00:35:09.120

PacMtn WDC: In their journey, but how best to engage them and what type of services makes sense, on based on where they are where the participant is.

241

00:35:09.660 --> 00:35:19.350

PacMtn WDC: In their journey, so the bigger constraint, the city, we think the, as you said, though, the low hanging fruit would be in those three particular identified areas.

242

00:35:19.680 --> 00:35:28.380

PacMtn WDC: But I think, as long as you can connect them to the city of Olympia the region, you know, in the in the city limits, then there would be a case to be able to manage and navigate them.

243

00:35:30.420 --> 00:35:39.750

Jackie Velasco (she/her): We have an agreement with the city to involve certain partners, but I don't believe it's mutually exclusive, so perhaps that would be a space to start, but it doesn't mean that's the only place.

244

00:35:40.890 --> 00:35:53.640

PacMtn WDC: We will we will, if they're not directly connected to what are those three providers in the city, right now, we would probably make that a part of the engagement is to connect them at least to the mitigation side right or through use roses place.

245

00:35:55.110 --> 00:35:56.370

Ingrid Schonfield she/her: that's a good point you know what.

246

00:35:57.510 --> 00:36:05.910

Ingrid Schonfield she/her: Great questions you guys and i'm so glad you asked that because William you mentioned something that I don't think we explicitly said today, but I think it is in the rfp.

247

00:36:06.420 --> 00:36:23.880

Ingrid Schonfield she/her: One of the things about our one vision that we have for the Pier workforce liaison as that so we'll have three and that to the three will focus on engaging adults so anyone age 18 and above and one of them would focus on engaging.

248

00:36:25.110 --> 00:36:34.260

Ingrid Schonfield she/her: Youth and we're using a definition that's kind of a technical one from workforce development, I think, is it healthy also this rights ages 16 to 24 is that right Jackie.

249

00:36:36.810 --> 00:36:41.700

Ingrid Schonfield she/her: So we really make sure if someone's really focused in on the younger adults.

250

00:36:43.560 --> 00:36:44.220

Ingrid Schonfield she/her: food for thought.

251

00:36:47.370 --> 00:36:48.330

Ingrid Schonfield she/her: What else.

252

00:36:49.800 --> 00:37:07.500

Angie: hi this is Angela yes, I did have a question um do you have any type of materials that kind of goes through the journey to jobs that's stated already or is that going to be something that will need to be created.

253

00:37:08.580 --> 00:37:12.000

Ingrid Schonfield she/her: Can you say more of an entry, are you thinking about like outreach materials or.

254

00:37:12.030 --> 00:37:16.590

Ingrid Schonfield she/her: Yes, great question that needs to be created.

255

00:37:17.310 --> 00:37:17.580

Okay.

256

00:37:19.260 --> 00:37:29.490

Ingrid Schonfield she/her: And we have some great folks we've worked with in the past to create that kind of thing jeannie has a lot of experience with that and so again you'll have support.

257

00:37:30.390 --> 00:37:32.070

Angie: Wonderful Thank you yeah.

258

00:37:37.350 --> 00:37:38.790

Norman Brickhouse - He, Him: I have one other question.

259

00:37:39.090 --> 00:37:54.600

Norman Brickhouse - He, Him: Please um as we're working with this population, one of the things that we really recognize we're dealing with some very severe barriers, sometimes mental health, sometimes addiction services well they'll be partners that we could do referrals.

260

00:37:55.560 --> 00:37:58.920

Norman Brickhouse - He, Him: For the services to make sure they're successful outcomes.

261

00:38:00.810 --> 00:38:07.800

Ingrid Schonfield she/her: I think the short answer is going to be yes, we have a great community in Olympia with a lot of entities doing that work and.

262

00:38:09.240 --> 00:38:20.130

Ingrid Schonfield she/her: I think our housing emergency housing providers also have really strong relationships with those kinds of entities So is there that's my unofficial answer William or Jackie or do you want to give a more official answer.

263

00:38:20.610 --> 00:38:29.370

Jackie Velasco (she/her): I can jump in really quick an offer that pack mountain often serves in a role of convener and that's a space where we are tremendous value add I think i'm projects like this.

264

00:38:29.760 --> 00:38:41.730

Jackie Velasco (she/her): And so whoever's in this role, coordinating we would be happy to assist as necessary to make sure that every resource that can be valuable gets has a contact that can come to the table to get people what they need.

265

00:38:42.420 --> 00:38:45.660

Jeannie House: And I believe it's client centered so always yeah.

266

00:38:47.010 --> 00:38:48.210

Ingrid Schonfield she/her: Perfect thanks guys.

267

00:38:50.550 --> 00:38:52.140

Ingrid Schonfield she/her: Like three guys are thinking.

268

00:38:53.550 --> 00:38:54.660

Ingrid Schonfield she/her: Danny jump in.

269

00:38:56.580 --> 00:39:01.470

Danny Burkett/Our Ark: I was wondering about the the 10 at the end of everything.

270

00:39:02.370 --> 00:39:20.310

Danny Burkett/Our Ark: By 1218 months we're looking at having 10 individuals in stable housing, which is 10 individuals and like tiny homes or the case, we know that's not their own place, because that will we actually live it is 10 in actual stable housing.

271

00:39:21.390 --> 00:39:22.440

Danny Burkett/Our Ark: just want to clarify.

272

00:39:22.560 --> 00:39:28.380

Ingrid Schonfield she/her: mm hmm great question I we may need to do a little more defining that right team.

273

00:39:30.660 --> 00:39:31.890

Jeannie House: yeah I think so.

274

00:39:33.030 --> 00:39:34.290

Ingrid Schonfield she/her: That was a little bit of an aspirational.

275

00:39:34.290 --> 00:39:34.710

PacMtn WDC: goal.

276

00:39:35.460 --> 00:39:50.520

Ingrid Schonfield she/her: And again, this is not exactly our, this is not our the homeless services not really are really work so we'll have to get the correct language but we're just hoping that you know some of this work might result in folks having more than just being able to live in a tiny village.

277

00:39:52.530 --> 00:39:52.860

You know.

278

00:40:01.350 --> 00:40:03.150

Norman Brickhouse - He, Him: I have a question I hate to keep.

279

00:40:03.180 --> 00:40:03.930

Norman Brickhouse - He, Him: jumping in.

280

00:40:04.080 --> 00:40:05.100

Ingrid Schonfield she/her: Now we get.

281

00:40:05.610 --> 00:40:12.480

Norman Brickhouse - He, Him: tons of experience with homeless services but i'm in Tacoma Washington, while i've been down in.

282

00:40:13.050 --> 00:40:23.730

Norman Brickhouse - He, Him: My past life or past profession in Olympia i'm not of course everybody was packed mountain i'm not familiar with all the service providers, like, I am in Tacoma Washington.

283

00:40:24.030 --> 00:40:37.050

Norman Brickhouse - He, Him: So if we decided to apply for this rfp i'm assuming there would be some type of a one boarding of this type of agency, so that when we get the relationships and Olympian, we need to be successful.

284

00:40:40.200 --> 00:40:42.840

Jeannie House: Yes, Norman we would make sure good.

285

00:40:43.860 --> 00:40:44.700

Norman Brickhouse - He, Him: Excellent Thank you.

286

00:40:45.480 --> 00:40:56.850

Jackie Velasco (she/her): Anybody who's brought on for the project will get a thorough onboarding with pack mountain for this scope of work and for pack mountains body of work, and we would absolutely bring our network to assist to make sure the program successful.

287

00:40:57.360 --> 00:40:58.440

Norman Brickhouse - He, Him: You guys are awesome Thank you.

288

00:40:59.220 --> 00:41:14.310

PacMtn WDC: I think it's probably fair to point out that that might not be as deep as it would need to be in one of our internal goals is to be better connected to the providers that work on a regular basis with this population, so that we can better connect.

289

00:41:23.190 --> 00:41:28.290

Ingrid Schonfield she/her: Right, we have lots of time left i'm sure you haven't you have questions you haven't asked yet.

290

00:41:31.920 --> 00:41:36.930

Ingrid Schonfield she/her: or anything else from the pack mountain team that we might want to ask Danny we're ready.

291

00:41:39.090 --> 00:41:50.400

Danny Burkett/Our Ark: I know you mentioned about the peer liaison having to full adults in one for the youth, what if there was someone who was applying for and they work with youth.

292

00:41:51.300 --> 00:42:02.970

Danny Burkett/Our Ark: Will they still be to full adult and one for you visit the vice versa, to for youth in La for adult or you're just kind of go on half elver the same thing.

293

00:42:03.240 --> 00:42:03.870

Danny Burkett/Our Ark: yeah and.

294

00:42:05.130 --> 00:42:10.020

Ingrid Schonfield she/her: I think you're asking is there flexibility on past focus areas for the pure work first liaison.

295

00:42:10.320 --> 00:42:11.670

Ingrid Schonfield she/her: Yes, that's a great question.

296

00:42:12.840 --> 00:42:14.190

Ingrid Schonfield she/her: that's something we need to reflect upon.

297

00:42:14.190 --> 00:42:14.610

Danny Burkett/Our Ark: and

298

00:42:14.850 --> 00:42:16.410

Ingrid Schonfield she/her: put in writing or willing to have.

299

00:42:16.770 --> 00:42:18.270

Ingrid Schonfield she/her: executive answers you want to share.

300

00:42:18.630 --> 00:42:28.800

PacMtn WDC: Well, I think, from the perspective of the initial framing of this project, we really envisioned he appear navigator being assigned to each.

301

00:42:29.190 --> 00:42:39.720

PacMtn WDC: Of the three partner locations that we're working with the youth is our less least firm at this point there's still some a bit of a evolution, to do with to go through with.

302

00:42:40.410 --> 00:42:50.250

PacMtn WDC: rosie's place so that it might mean that we land with a youth peer navigator who is floats around more in depth work a little bit differently.

303

00:42:50.610 --> 00:43:04.350

PacMtn WDC: than said the other two I think what is important in terms of youth versus adult is really how participants could be housed or clustered if they're in a youth facility, we would like for them.

304

00:43:04.830 --> 00:43:15.360

PacMtn WDC: A navigator to have experience working with youth, but that is not to say that they may not serve adult clients as well, the way we frame our work, naturally, in our youth is the.

305

00:43:15.600 --> 00:43:21.240

PacMtn WDC: 16 to 24 year olds, but we also look at adults as 18 minutes, so it really I think.

306

00:43:21.900 --> 00:43:28.770

PacMtn WDC: Whatever makes sense for the population in your proposal and, in this case it's really going to be.

307

00:43:29.100 --> 00:43:38.490

PacMtn WDC: I think a collective effort to find the three peer to peer navigators and to figure out how to best leverage them our thoughts our facility by facility or location by location.

308

00:43:38.880 --> 00:43:52.410

PacMtn WDC: It may mean that maybe we organize the work based on ability of the population we're targeting, so I think I think the door to that is open for discussion, and we would look to.

309

00:43:52.920 --> 00:44:01.740

PacMtn WDC: Your your expertise and also rosie place in Catholic charities at lehigh to help kind of guide how best to connect with the population.

310

00:44:05.190 --> 00:44:08.130

Ingrid Schonfield she/her: Thanks so much fun that was great answer I like that a.

311

00:44:08.130 --> 00:44:08.400

lot.

312

00:44:13.200 --> 00:44:14.130

Ingrid Schonfield she/her: What else.

313

00:44:18.060 --> 00:44:31.170

Ingrid Schonfield she/her: And again, this is not your only opportunity to ask questions, because if you're like me, you need to kind of sleep on things, and then at two o'clock in the morning, things will pop into your head so that's why you can ask the brilliant team here anything at any time.

314

00:44:31.740 --> 00:44:32.790

Danny Burkett/Our Ark: terrifying question.

315

00:44:33.000 --> 00:44:33.630

Yes.

316

00:44:35.310 --> 00:44:45.780

Danny Burkett/Our Ark: With the liaisons that that was big My big hurdle and i've kept reading over and over Okay, what are these liaison with their jobs and their responsibilities.

317

00:44:46.770 --> 00:44:56.910

Danny Burkett/Our Ark: would do on this project so with that as one mixture, this is the funding question, I know you had mentioned it early in beginning, but if my mom was somewhere else, I believe.

318

00:44:58.740 --> 00:45:07.710

Danny Burkett/Our Ark: There are they funded through the funding or the out outside of this funding here as want to clarify.

319

00:45:07.770 --> 00:45:17.160

Ingrid Schonfield she/her: yeah yeah exactly right, so they pure workforce liaisons are funded their salaries are funded outside of the service coordinator rfp.

320

00:45:17.760 --> 00:45:20.100

Ingrid Schonfield she/her: Because I mean really \$100,000 how many people.

321

00:45:20.160 --> 00:45:25.410

Jackie Velasco (she/her): Yes, I do and I was like Oh, people are going to be shaking in their boots thinking they're gonna have to pay for it all.

322

00:45:25.830 --> 00:45:26.130

yeah.

323

00:45:31.950 --> 00:45:32.430

Ingrid Schonfield she/her: carry on.

324

00:45:32.880 --> 00:45:33.570

Danny Burkett/Our Ark: Another funding.

325

00:45:36.060 --> 00:45:38.160

Danny Burkett/Our Ark: I know your mentor also stipends.

326

00:45:38.610 --> 00:45:40.080

Danny Burkett/Our Ark: If we were to.

327

00:45:41.910 --> 00:45:48.180

Danny Burkett/Our Ark: Could someone get paid by stipends, is it possible.

328

00:45:49.560 --> 00:45:51.210

Danny Burkett/Our Ark: Through that through the funding.

329

00:45:51.900 --> 00:45:52.740

Ingrid Schonfield she/her: yeah so.

330

00:45:52.800 --> 00:45:54.300

Again, so this.

331

00:45:55.470 --> 00:45:56.070

Danny Burkett/Our Ark: Is the stuff.

332

00:45:57.240 --> 00:46:07.290

Ingrid Schonfield she/her: And maybe Jackie you might want to or jeannie might want to speak to this specifics of stipend and other some definitions around that in general i'll start to just say in general, the.

333

00:46:08.340 --> 00:46:11.670

Ingrid Schonfield she/her: The program participants so let's say that our fabulous.

334

00:46:12.000 --> 00:46:15.030

Ingrid Schonfield she/her: Youth pure workforce liaison connects with.

335

00:46:15.330 --> 00:46:26.820

Ingrid Schonfield she/her: A fellow youth who wants to get some short term pre vocational training and here's a better example get get to work experience get some hands on work experience.

336

00:46:27.240 --> 00:46:45.390

Ingrid Schonfield she/her: That mechanic shop So yes, the we have funds to pay for that participant to get that training get that on the job learning experience and that's outside of the service coordinators rp funds because again that's only \$100,000 so.

337

00:46:48.210 --> 00:46:51.120

Ingrid Schonfield she/her: Any more specifics around stipends jeannie or Jackie.

338

00:46:51.450 --> 00:47:05.730

Jeannie House: You know I think you did a good job on that and it's it depends on the position it depends on the length of time there's a bunch of stuff you know that would go into it so unless we have money set aside for that specifically.

339

00:47:06.810 --> 00:47:08.730

Jackie Velasco (she/her): So, and that makes.

340

00:47:10.050 --> 00:47:17.400

Jackie Velasco (she/her): yeah that makes perfect sense and dangerous you're aware of the kind of things that other workforce programs can pay for our paid internships.

341

00:47:17.820 --> 00:47:22.530

Jackie Velasco (she/her): or other types of subsidized employment that lead to full time job placement after like a.

342

00:47:23.250 --> 00:47:32.430

Jackie Velasco (she/her): sort of like a training period or that kind of stuff so there's lots of opportunities there and that funding can come out of other programming rather than this, and if the participant is interested in eligible.

343

00:47:33.150 --> 00:47:39.210

Jackie Velasco (she/her): Which there's for the most part, been everyone is eligible under something for for the most part.

344

00:47:40.140 --> 00:47:47.730

Ingrid Schonfield she/her: And this this particular initiative does have funds set aside for participant work experience types of things which.

345

00:47:48.120 --> 00:48:02.880

Ingrid Schonfield she/her: Broadly speaking in my worldview also includes things like stipends so and the good news is jeannie house who's our program manager has a ton of experience doing exactly this kind of thing with a current project she's working on to help folks get paid work experience.

346

00:48:03.960 --> 00:48:05.130

Ingrid Schonfield she/her: So they can connect to work.

347

00:48:15.720 --> 00:48:19.170

Ingrid Schonfield she/her: I don't see any more hands up I hope i'm not missing anyone.

348

00:48:21.570 --> 00:48:33.870

Norman Brickhouse - He, Him: I have one more question um office space, we are in downtown to come up with the new territory that were coming in we're a nonprofit staffing agency so literally I can put people to work.

349

00:48:34.170 --> 00:48:47.100

Norman Brickhouse - He, Him: Wherever we have job assignments, my question to you is Would I be able to put the service coordinator in one of your tubes or your location, as we don't have office space in Olympia yet.

350

00:48:50.010 --> 00:48:51.900

Ingrid Schonfield she/her: William do you want to take that one I have an.

351

00:48:51.900 --> 00:48:54.450

Ingrid Schonfield she/her: assumption, but I realized I didn't actually have a clear with anyone.

352

00:48:55.290 --> 00:49:06.180

PacMtn WDC: yeah that actually is a really good question and I think that that that's something we can help navigate I think in our in our heads, we certainly feel like the.

353

00:49:07.080 --> 00:49:15.780

PacMtn WDC: coordinator will be in the streets, a lot working directly with the peer navigators who are embedded, but there are also would be needs some need for.

354

00:49:16.320 --> 00:49:26.460

PacMtn WDC: Some office space and access to technology i'm sure if if there's a need for that in your proposal, if you just add it, we can navigate around that.

355

00:49:28.530 --> 00:49:30.210

PacMtn WDC: As we go through the review process.

356

00:49:31.440 --> 00:49:34.050

PacMtn WDC: So between the doors open to it okay.

357

00:49:35.160 --> 00:49:35.820

Ingrid Schonfield she/her: Thanks William.

358

00:49:37.230 --> 00:49:40.200

Ingrid Schonfield she/her: that's gonna say yeah take the space right next to jeannie that's the best place to be.

359

00:49:41.790 --> 00:49:42.390

Jeannie House: Ingrid.

360

00:49:45.960 --> 00:49:46.590

Jeannie House: deeson.

361

00:49:49.350 --> 00:49:51.090

Ingrid Schonfield she/her: Danny anything else.

362

00:49:52.890 --> 00:49:54.870

Ingrid Schonfield she/her: And I don't know if you've heard from Casey yet.

363

00:50:01.050 --> 00:50:05.400

Jeannie House: Danny did that answer your question regarding the work experiences.

364

00:50:08.220 --> 00:50:08.910

Yes.

365

00:50:13.620 --> 00:50:26.400

PacMtn WDC: What was the do we have an estimate G era sorry Ingrid on what the dollar amount is that we have available for stipends potentially it may not be exact.

366

00:50:27.060 --> 00:50:31.020

Ingrid Schonfield she/her: We do, and unfortunately did not pull up it's in the project proposal.

367

00:50:31.320 --> 00:50:32.040

PacMtn WDC: That we are.

368

00:50:32.100 --> 00:50:32.940

Ingrid Schonfield she/her: To the city, no.

369

00:50:33.000 --> 00:50:34.170

PacMtn WDC: No Lucas it's.

370

00:50:34.260 --> 00:50:39.300

Ingrid Schonfield she/her: Over \$400,000 it's a substantial amount yeah.

371

00:50:39.360 --> 00:50:45.540

PacMtn WDC: yeah and then we have separate funds for the peer navigators it, because they would be we generally.

372

00:50:45.870 --> 00:50:46.380

PacMtn WDC: In these.

373

00:50:46.440 --> 00:50:56.760

PacMtn WDC: work experiences situations, they become employees of record for pack mountain, so we manage all of those pieces with the coordinator ultimately D will manage.

374

00:50:57.450 --> 00:51:11.370

PacMtn WDC: That team of navigators and also help guide the the service delivery efforts for participants or identify and to help kind of really good ideas around what opportunities are available to.

375

00:51:11.700 --> 00:51:24.270

PacMtn WDC: employ folks so that we did you have something to to use the the stipend and funding for to to spend down I believe it's like it's quite a bit over \$400,000.

376

00:51:26.580 --> 00:51:41.700

PacMtn WDC: So they can be very short employment periods like could also be longer more sustained periods, we also have the ability to connect that we owe a system so additional work experience ojt trainings things like that are available, should we find someone that's ready to go down that path.

377

00:51:45.900 --> 00:51:50.700

Ingrid Schonfield she/her: or they can look up that exact number but i'll have to stop sharing my screen I need one more screens open all these things.

378

00:52:01.080 --> 00:52:17.130

Ingrid Schonfield she/her: What else anything else for folks and again no rush, because I have time I can i'm here all day and you can also email things as they come up as questions come up and we you know we we I know how important it is to see things in writing oh go ahead Danny.

379

00:52:17.670 --> 00:52:24.660

Danny Burkett/Our Ark: For the bio is that one page is that a length of pages, you need a bio bio.

380

00:52:27.450 --> 00:52:29.880

Danny Burkett/Our Ark: to double check my background in history.

381

00:52:30.060 --> 00:52:36.480

Ingrid Schonfield she/her: Oh, I think we just said, the whole kit and caboodle this is this is under this is under the.

382

00:52:36.510 --> 00:52:37.710

Questions, is it not.

383

00:52:42.450 --> 00:52:42.990

Danny Burkett/Our Ark: Separate.

384

00:52:44.040 --> 00:52:47.760

Ingrid Schonfield she/her: Is it under is on page six.

385

00:52:47.910 --> 00:52:49.380

Danny Burkett/Our Ark: Is on page four.

386

00:52:49.530 --> 00:52:49.890

Ah.

387

00:52:52.830 --> 00:52:53.460

Ingrid Schonfield she/her: Thank you.

388

00:53:05.160 --> 00:53:11.400

Ingrid Schonfield she/her: So funny i'm not seeing it Jackie Can you help me Do you know where this bio is i'm sure it's there I believe Danny completely.

389

00:53:12.720 --> 00:53:13.590

Jackie Velasco (she/her): Let me take a look.

390

00:53:14.580 --> 00:53:18.630

Ingrid Schonfield she/her: i'm just not seeing it sounds like I think that's one of those standard things, that is, in our.

391

00:53:19.800 --> 00:53:21.060

Ingrid Schonfield she/her: rfp package.

392

00:53:25.980 --> 00:53:36.510

Danny Burkett/Our Ark: Four says at the bottom contractors relative history and background, as one of there is an Armenian pages, how many pages you wanted for that.

393

00:53:37.710 --> 00:53:39.510

Danny Burkett/Our Ark: Those are included in the seven.

394

00:53:40.530 --> 00:53:40.890

Ingrid Schonfield she/her: times.

395

00:53:42.210 --> 00:53:47.610

Ingrid Schonfield she/her: Right, I think the seven is specific to those questions.

396

00:53:47.640 --> 00:53:49.500

Ingrid Schonfield she/her: To the proposal questions.

397

00:53:50.610 --> 00:53:52.800

Ingrid Schonfield she/her: So funny why i'm not i'm not saying that.

398

00:54:00.360 --> 00:54:01.230

Ingrid Schonfield she/her: We will put a.

399

00:54:01.470 --> 00:54:13.140

Ingrid Schonfield she/her: will put an answer to this and clarify the other page number questions on the website to make sure that it's clear, because I am not a little find at this exact moment which is weird.

400

00:54:13.380 --> 00:54:17.760

Kelly Fujimoto: Are you looking at the evaluation and selection criteria section.

401

00:54:19.170 --> 00:54:19.920

Kelly Fujimoto: On page four.

402

00:54:20.370 --> 00:54:21.030

Danny Burkett/Our Ark: Yes.

403

00:54:21.990 --> 00:54:22.800

Kelly Fujimoto: You see, where.

404

00:54:23.430 --> 00:54:32.250

Kelly Fujimoto: Well, it sounds evaluation and selection criteria and then it says proposals will be evaluated, based on the following criteria and then it breaks it all down is that what you're looking at.

405

00:54:34.170 --> 00:54:34.380

yeah.

406

00:54:35.730 --> 00:54:45.180

Ingrid Schonfield she/her: Oh, oh I gotcha, so I think you're, just like the relative history and background that 30% is what you're talking about, then yes i'm so sorry I thank you for your patience.

407

00:54:46.170 --> 00:54:54.000

Ingrid Schonfield she/her: is looking for something else Okay, so the question was how much how many pages, is that, so I would say, the answer is.

408

00:54:55.170 --> 00:55:05.820

Ingrid Schonfield she/her: that's the evaluation and selection criteria relate to all of the components, and let me just scroll back up to them here so it's the.

409

00:55:07.230 --> 00:55:09.300

Ingrid Schonfield she/her: and hopefully i'm not making any seasick here.

410

00:55:13.590 --> 00:55:17.940

Ingrid Schonfield she/her: it's the entirety of the application right so.

411

00:55:20.730 --> 00:55:31.260

Ingrid Schonfield she/her: Your cover page verification form the questions and the bulk of it is going to come through the responses to the supplemental questions eight or nine depending on if you want to do an extra credit one and number nine.

412

00:55:33.300 --> 00:55:38.220

Ingrid Schonfield she/her: And I say that jokingly number in the ninth question is if there's something else you'd like to tell us, this is the time.

413

00:55:40.380 --> 00:55:42.660

Ingrid Schonfield she/her: Does that help at all Danny clear as mud.

414

00:55:44.130 --> 00:55:44.640

Yes.

415

00:55:47.790 --> 00:55:50.100

Jackie Velasco (she/her): I JESSICA asked question in the chat there.

416

00:55:51.270 --> 00:55:52.140

Ingrid Schonfield she/her: Oh great Thank you.

417

00:55:53.400 --> 00:55:58.710

Ingrid Schonfield she/her: I move my screens around, and now I can't find my chat So do you want to tell me verbally, while I searched for it.

418

00:55:59.550 --> 00:56:05.400

Jackie Velasco (she/her): yeah looks like Oh, we would need to know if there is a selected m is for this project great.

419

00:56:05.520 --> 00:56:07.380

Ingrid Schonfield she/her: Great question.

420

00:56:10.950 --> 00:56:18.960

PacMtn WDC: I would have it you're out of this one, I would say, we may have an internal too soon to hold to us pardon me.

421

00:56:20.130 --> 00:56:25.410

PacMtn WDC: But but that's of the week of work through the details, if your Organization has something to track the participants, we can certainly.

422

00:56:26.130 --> 00:56:44.370

PacMtn WDC: use that we do not have to use ATM or to rebuy says yay unless we co enroll them in which point they would become a participant in the workforce system, and they would use the standard stuff there, I also have a breakdown of the overall budget for the project that might be worth sharing.

423

00:56:44.550 --> 00:56:48.300

Ingrid Schonfield she/her: Oh fantastic do you want to share your screen, I can stop sharing mine, if you want.

424

00:56:49.410 --> 00:56:59.340

PacMtn WDC: Leah thing here one second um well I tell you what we'll share this back out officially, on the other, channel, because this is just the internal documents.

425

00:57:01.350 --> 00:57:03.480

Ingrid Schonfield she/her: So tell me i'll take notes in the chat as you go.

426

00:57:03.570 --> 00:57:04.860

PacMtn WDC: yeah so we're support.

427

00:57:04.920 --> 00:57:11.190

PacMtn WDC: support services, we have around \$90,000 and that would be, I think it was.

428

00:57:13.830 --> 00:57:20.820

PacMtn WDC: Mark who asked the question about being able to spend that money down to to buy things like toothbrushes and hygiene products.

429

00:57:21.510 --> 00:57:37.680

PacMtn WDC: Those wouldn't be available those funds would be available to use her that the work experience dollars is \$150,000 and the way that was determined looks like 35 hours for 40 participants.

430

00:57:39.060 --> 00:57:47.190

PacMtn WDC: At \$16 now for six weeks that's how that money kind of came together as an amount, there would be some flexibility in spending that.

431

00:57:47.550 --> 00:58:03.150

PacMtn WDC: Also set aside the projects \$160,000 which pays for the three transitional jobs that we're calling up here navigators and then for the entities that hosts the peer navigators there is money available.

432

00:58:04.260 --> 00:58:19.410

PacMtn WDC: To us, to support the place, but have a navigator and one of the three locations, the lastly there's a little bit of money for training related to the the 4243 participants that we're targeting for services.

433

00:58:20.220 --> 00:58:25.740

Ingrid Schonfield she/her: And willing, before I put press enter in the chat the three pure workforce liaison so what's the dollar amount.

434

00:58:26.700 --> 00:58:29.190

Ingrid Schonfield she/her: 160,000 Thank you.

435

00:58:30.180 --> 00:58:35.970

PacMtn WDC: yep it's basically 20 \$20 an hour 40 hours a week, based on our.

436

00:58:38.790 --> 00:58:39.750

PacMtn WDC: Benefits package.

437

00:58:45.000 --> 00:58:46.350

Ingrid Schonfield she/her: Thank you so much for looking that up.

438

00:58:53.940 --> 00:58:57.000

Ingrid Schonfield she/her: here's some digesting going on, people are really thinking about this now.

439

00:59:02.460 --> 00:59:04.890

Jackie Velasco (she/her): while people are thinking a little bit I can mention.

440

00:59:06.000 --> 00:59:11.130

Jackie Velasco (she/her): Clearly, as people start writing proposals, sometimes that's one more questions pop up because you get into the meat of the work.

441

00:59:11.460 --> 00:59:24.480

Jackie Velasco (she/her): So you can ask a question at any point by email to contracts at pack mountain.org and there are several of us internally to take a peek at that and make sure that we get your questions seen and repost it publicly as quickly as possible.

442

00:59:25.050 --> 00:59:29.250

Jackie Velasco (she/her): What we typically do is respond that we received your question, but we want to make sure that, because you asked.

443

00:59:29.670 --> 00:59:37.590

Jackie Velasco (she/her): Other people are probably wondering to that we get those posted publicly on our website so we'll always let you know when those are answered and posted so that you, and everyone else you might wonder.

444

00:59:38.220 --> 00:59:45.210

Jackie Velasco (she/her): will be able to see that, and it will be that's always available right where you found the rfp on our website under service provider opportunities.

445

00:59:46.320 --> 00:59:52.020

Jackie Velasco (she/her): So, if it is not an hour never you have plenty of time to keep asking questions as they come up over time.

446

00:59:53.400 --> 01:00:03.720

Kelly Fujimoto: And just for point of reference, if non pack mountain folks could put their names and email addresses in the chat that would be be really, really helpful.

447

01:00:04.800 --> 01:00:06.060

Ingrid Schonfield she/her: Oh, thank you good idea.

448

01:00:06.090 --> 01:00:07.710

Kelly Fujimoto: Kelly yeah no problem.

449

01:00:08.250 --> 01:00:10.440

Ingrid Schonfield she/her: That way fenway exciting comes up, we can.

450

01:00:10.500 --> 01:00:12.870

Ingrid Schonfield she/her: Send stuff to you immediately directly.

451

01:00:13.680 --> 01:00:20.970

Jackie Velasco (she/her): And since you've all attended here we'll make sure that any information that moves forward about this particular opportunity gets to you guys right away.

452

01:00:28.410 --> 01:00:30.480

Ingrid Schonfield she/her: wow I feel like we're going to be.

453

01:00:31.890 --> 01:00:39.510

Ingrid Schonfield she/her: exhausted here we've exhausted all of our questions are we Is that true I can't believe it you guys are so creative i'm sure there's more questions.

454

01:00:44.280 --> 01:00:46.500

Ingrid Schonfield she/her: Thank you Danny Norman for putting your emails in the chat.

455

01:00:51.240 --> 01:00:54.060

Ingrid Schonfield she/her: Casey and Jessica extra credit points are available for you to.

456

01:00:57.600 --> 01:00:58.620

Ingrid Schonfield she/her: yay go angie.

457

01:01:00.060 --> 01:01:01.980

Ingrid Schonfield she/her: I see that but it's really not true, I don't, believe me.

458

01:01:06.240 --> 01:01:07.260

Ingrid Schonfield she/her: Thank you JESSICA.

459

01:01:12.000 --> 01:01:15.030

Ingrid Schonfield she/her: It feels like we're wrapping things up William would you like to.

460

01:01:16.380 --> 01:01:22.050

Ingrid Schonfield she/her: Give us some words of encouragement and we'll close out folks folks are ready to close out.

461

01:01:25.020 --> 01:01:36.690

PacMtn WDC: send us some really great proposals that we have some select pro so but we're excited about this work we're excited about forming some new partnerships and getting closer to this population and.

462

01:01:37.560 --> 01:01:47.310

PacMtn WDC: world will be in this together, side by side, trying to figure out how best to use this money because there will be more available as the city continue to get funding and if this is successful.

463

01:01:47.880 --> 01:01:53.880

PacMtn WDC: We may have the opportunity to get more and possibly even larger amounts of money to to continue the work.

464

01:01:55.140 --> 01:01:57.900

Ingrid Schonfield she/her: Perfect Thank you so much really am i'm so glad you mentioned that.

465

01:01:57.900 --> 01:02:02.040

Ingrid Schonfield she/her: Because this we are considering this a pilot project, and we do think that we can get funding.

466

01:02:02.340 --> 01:02:17.430

Ingrid Schonfield she/her: If we can demonstrate success, so thank you all so much for joining you are welcome to stay on if you want to a little bit more, I think the pack mountain team, I do a little quick debrief but you're also free to go about your business, because I know you guys are busy.

467

01:02:18.810 --> 01:02:20.130

Ingrid Schonfield she/her: Thank you again for joining us.

468

01:02:21.900 --> 01:02:22.470

Jessica Brasher: Everyone.

469

01:02:23.130 --> 01:02:25.290

Ingrid Schonfield she/her: Thank you have a great day to.
