#### **PY23** Preliminary Budget Discussions

#### **Understanding through Q&A**

April 27, 2023

#### Budget Overview

#### Q: What is the budget planning schedule?

A: An annual Budget Workshop is held to give Board members opportunity to discuss upcoming budget. This year the **budget workshop is April 27**<sup>th</sup>. We will not focus on budget numbers, but on critical considerations and financial priorities for the PacMtn budget. Preparation of the budget will require the Board to weigh in on and discuss potential funding priorities and desired outcomes for the region.

Conversations about the budget will help us develop the Preliminary Final budget which will be reviewed by the **Executive-Finance Committee on June 8<sup>th</sup>.** Many of these conversations are recommendations made over the course of the prior year and in this year. The Board will review and approve the **Preliminary Budget on June 22<sup>rd</sup>.** The Elected Official Consortium will see it at their **June 29<sup>th</sup> meeting.** 

The **Final PY23 budget will be adopted in December** once all revenues and final carry-in numbers are reconciled.

Feedback/Comments/Questions:

There were no questions for this item.

#### Q: How do our projected revenues compare to last year?

**A-1**: We do not have final **federal formula allocations** for the state of Washington, but we have numbers for planning purposes. Below are the anticipated planning numbers for the state and PacMtn's portion for planning. Year to year a 167K increase for our region:

	PY23 State Allocation	PY23 <u>Estimate</u> PacMtn	PY22 PacMtn Amount
Youth	20,928,382	1,419,977	1,290,622
Adult	19,695,933	1,431,744	1,294,894
Dislocated Worker	22,254,509	1,239,063	1,337,576

With these statewide allocations PacMtn anticipates our Youth, Adult, and DW local portions to allocated slightly higher than before

**A-2: Thurston County Jail - Funding will c**ontinue, we will be asking for an increase in funding per section 5a to allow for up to a 3% increase.

**A-3: Pathways Home 3** – Funding activity continues in PY23 and PY24. We anticipated spending of approximately 610K in PY23 leaving a balance of 700K for PY24.

A-4: Opioid Disaster NDWG – Has approximately 525K that will carry into the PY23 program year.

A-5: EcSA State and EcSA Federal – PacMtn will receive 562,444 in State non-federal funding and has already received Federal funding in PY22 of 354,945 that was scheduled to be spent in PY23 and PY24. State funding will continue to be used to provide incentives to participants for hitting goals/training/employment. The federal funds will be used to support a position

	with our contractor to address poverty reduction efforts.
	A-6: We have 2 America Rescue Plan Act (ARPA) grants that will have limited spending for the
	first half of PY23 from unspent funds in PY22. City of Olympia for <b>177K</b> and Thurston County, for
	<b>235K</b> . City of Olympia Journey to Jobs (J2J) will conclude by December and Thurston County Job
	Champion Network (TCJCN) will conclude October.
	A-7: Ag Labor – From Thurston County ARPA funds. Awarded in PY22 for 500K PacMtn
	expects to have <b>460K</b> carry into PY23 for support of this program.
	A-8: Quest – Received PY22 1.1M of which we expect 925K to carry into PY23. Approximately
	\$250k will be awarded for community projects in the region, and will fund expanding
	capacity for the Business Services team to engage the Hospitality, Food Production and
	Specialty Manufacturing Sectors.
	A-9: PacMtn is in the process for applying or has applied and awaits next steps on several
	grants for this next program year:
	Senator Patty Murry – \$1.3M to support WorkEx Military
	Transition work.
	State funded Business Navigators – the state budget will
	include LWDB support to expand their ability to service
	employers. PacMtn will likely secure approximately
	\$200K.
	Expanding EcSA – also included in the state's budget is an
	expansion to the governor's Economic Security for All
	program that services individuals in poverty. The current
	threshold is 200% of poverty. The expansion allows local
	boards to increase that percentage to focus on the ALICE
	populations – aka the "working poor". PacMtn will likely
	secure approximately \$400K.
	Infrastructure Jobs Gant – PacMtn will participate in a
	state funding application that will focus securing resources
	to support "Assessable Clean Energy". The application is
	still forming, however it looks to focus on Broadband,
	Hydro Fuel, Battery Manufacturing, and Construction. The
	application will focus on largely rural areas.
Feedba	ack/Comments/Questions:

Feedback/Comments/Questions:

**M. Cade** – Encouraged the Board to think about how these relate to emerging sectors and how do the funds filter down to employers strategies.

**C. Heywood** – Mentioned that at the last One-Stop Committee meeting that there was a discussion on a sector pathway project being worked on that may include what Michael was discussing. Further discussion to come.

Q: How does the State allocate formula funds to each Workforce Development Area (WDA)?

**A:** The State, like the Feds, prepares **allotments of formula funds** based on unemployment and economic data provided by the Department of Labor. Three factors are used in the calculation: Adult & Youth calculations:

- Relative share of total unemployed in Areas of Substantial Unemployment (Youth & Adult)
- Relative share of excess unemployed (unemployment in excess of 4.5%)
- Relative share of economically disadvantaged (Youth and Adult only) *Criteria weighted evenly for each factor.*

Dislocated Worker calculations:

- Relative share of total unemployed
- Relative share of excess unemployed (unemployment in excess of 4.5%)
- Relative share of long term unemployed-unemployed 15 weeks or more *Excess unemployed weighted more heavily than the other factors, 1.5 versus 1*

Hold Harmless-A local area may not receive less than 90% of the average allocation percentage for the 2 preceding fiscal years. Stop Gain-A local area may not receive more than 130% of the allotment given in the preceding 2 years as well.

PacMtn is accountable for regional service delivery. WIOA legislation strongly encourages and emphasizes regional planning, braiding, and leveraging partnership resources and a sector-based allocation of resources most likely to yield economic benefits for both individuals and the businesses that drive the local economy. Most grants PacMtn submits reflects activities and commitment to our 5-county *regional* economy vs. other geographic boundaries.

Regional Workforce System Development
Q: How can we support the One-Stop system activities required by WIOA?
<ul> <li>A-1. PacMtn One-Stop Operations The PY2023 Infrastructure Funding Agreement included \$60k to reduce PacMtn's financial support for the OSO. These resources will be redirected to support the regions affiliate sites. The OSO and the One-Stop Committee will focus on the following items in the upcoming program year: <ul> <li>Developing the 2024-2027 local plan – the budget includes resources to continue the work started at the Winter retreat. PointNorth will lead the community input sessions and help surface the key goals for the plan.</li> <li>Planning for the Comprehensive site lease renewal and consideration of downsizing/relocating to reduce operational expenses to better align to need. </li> <li>Dashboard development and communications strategy to support reporting on local plan.</li> <li>Professional development - \$20k will remain available for system-wide professional development.</li> <li>Customer Satisfaction - \$20K will be available to develop and implement a customer satisfaction process for input in the impact of the service strategy.</li> </ul></li></ul>
A-3 Launchpad Renew and Expanded Function – \$50k PacMtn will continue its investment in the CRM Launchpad. The system will allow job ready candidates to connect to the Business Services team for placement into opportunities under the job order model. It will also service as PacMtn's CRM for communications and partner engagement
<i>Feedback/Comments/Questions:</i> J. Earley – Response to A1; To be proactive, suggested a campaign for community understanding i affiliate sites will close.

## Specific Board Query and Strategic Directions

Other Feedback/Comments/Questions:

Initial estimates for **PY23 Federal Formula Funding** indicated that the PacMtn award would remain flat; however, the forecast came in 17% lower than the current year. The result is a \$680,000 cut across the Adult and Dislocated Worker programs with the Youth fund received a small increase. PacMtn Board staff budget and program efforts in the WorkSource system will see reductions in funding, including reductions in staff. The full PY23 budget will be presented at the June Board meeting.

PacMtn staff, Chief Business Development Officer Megan Fiess and Chief Executive Officer William Westmoreland, attended the **National Skills Coalition Conference** in Washington DC in early May. The conference focused on legislative efforts that influence the public workforce system, specifically the Bipartisan Infrastructure Law, CHIPS Act and Inflation Reduction Act. Additionally, the conference education opportunities related the Good Jobs Initiatives (GJI) and effective implementation practices. The conference was a great opportunity to hear from peers across the country that have launched GJI efforts. Information learned and gathered will be shared with the BaSE committee to inform our local GJI effort.

While in DC, the local team met with **Senator Murray** and staff to discuss key issues and challenges local workforce boards are experiencing the state. Topics included the stalled WIOA reauthorization, childcare, housing, and resources challenges with the current formula funding model. The Senator provided an update on the appropriation process and indicated that PacMtn's request to support transitioning military members (WorkEx program @ JBLM) had moved forward in the process. The Senator was keen to learn more about job seeker and employer experiences. An invite was extended for the Senator to visit the region after the session.

PacMtn participated in the **Washington Technical Education Coordination Board Retreat** in early May. This allowed local workforce boards and other key partner an opportunity to impact the strategic direction of the state's workforce board. The event served as an important activity related the development of the State's Workforce Plan, a requirement of the WIOA funding, which is due to Department of Labor in late winter. Once the plan is put forward, local workforce boards including PacMtn, will be required to respond with a local version of the plan the supports and drives the State's plan.

In early May, Mayor Selby was invited to share her experiences as a female leader with staff and key system partners. Part of **PacMtn's Leadership Development Series**, Mayor Selby shared her story and afforded participants an opportunity to ask questions and engage the mayor who is in her final year of her term. A link to the presentation can be found <u>here</u>.

After a bit of a delay, PacMtn awarded three proposals submitted in response to the **QUEST Funding RFP** release in early spring. The PacMtn's QUEST program is a Department of Labor, sector focused competitive award secured by through a statewide collaboration of local workforce boards and the Employment Security Department. The local design of the program included funding projects across the region that supported the recovery of the Hospitality, Food Production and Specialty Manufacturing sectors. The awards were for Thurston Economic Development Council (\$110,000), Greater Grays Harbor-Grays Harbor College (\$100,000), and Experience Olympia & Beyond - \$100,000. The full details can be found on PacMtn's website <u>here</u>.

#### Stories of Hope and Impact

Shared from our partners at Equus:

"Participant is co-enrolled into Opioid and WIOA. Participant came to us interested in serving seniors. They completed a Peer Navigation Training to gain skills relevant to coaching and working with senior citizens. They were placed in a work experience at Senior Service for South Sound and have been doing excellent. Recently the employer and participant reached out to see if they could increase her work experience hours to learn more skills. They are feeling very happy with their placement and believe that she would make an excellent senior benefits specialist."

"Participant came to the program after being out of work and moving to our area. They are a single parent and was struggling to pay their rent and make ends meet. They were drawn to an opportunity to serve others, which has been their dream for a long time. They were placed in a Transitional Job through the Opioid Grant. During their time, they completed a Peer Navigation training and worked with Peers in both the Opioid program and Youth program. They recently accepted a position as a peer navigator with a community organization and will continue to build their skills as they assist others with foundational community supports."

#### MEMORANDUM

То:	PacMtn Executive Finance Committee Members
From:	Megan Fiess, Chief Development Officer Business and Sector Engagement Committee
Date:	June 8, 2023
Subject:	Administrative Policy # 3240 Labor Market Information Management, PacMtn WDA 2

#### Purpose:

The policy intends to establish a structured approach for collecting, analyzing, and disseminating Labor Market Information (LMI) across the PacMtn WDA Region 2. The primary objective is to develop a reliable and comprehensive understanding of our local employment conditions, economic situation, job markets, workforce, and labor market trends. It applies to all stakeholders, including PacMtn/WS System staff, partners, sub recipients, local workforce development boards, employers, training providers, community-based organizations, and economic development entities.

#### **Recommending Motion to Approve**

The implementation of this policy will strengthen our labor market intelligence, support our workforce development initiatives, and ultimately contribute to the economic prosperity of our region. It will provide us with the data and insights needed to shape our strategies and ensure that we are meeting the evolving needs of our local workforce and economy.

We recommend a motion that:

- Approves the Administrative Policy # 3240 Labor Market Information Management, as presented or revised by the Executive Finance Committee.
- Directs staff to make final preparation for vote at the next full Board Meeting June 22, 2023.

TITLE: Administrative Policy # 3240 Labor Market Information Management, PacMtn WDA 2

> Date Established: May 1, 2023 Date Last Revised: N/A Date posted to Website: TBD Status: Draft Supersedes: N/A

#### Purpose

PacMtn has established the following policy for collecting, analyzing, and sharing Labor Market Information (LMI) in alignment with the Workforce Innovation and Opportunity Act (WIOA) guidelines and as applicable to Training and Employment Guidance Letter (TEGL) No. 1-22, referenced below.

#### Policy

PacMtn will adhere to the following systematic approach developed for collecting, analyzing, and sharing Labor Market Information (LMI) for the PacMtn WDA Region 2, (Grays Harbor, Lewis, Mason, Pacific and Thurston County). LMI includes data related to employment conditions, the local economy, job markets, workforce, and labor market trends.

This policy is applicable to all workforce development stakeholders across the five counties, including PacMtn/WS System staff, partners, subrecipients, local workforce development boards, employers, training providers, community-based organizations, and economic development entities.

#### Guidelines

- 1. The LWDB will form an LMI subcommittee dedicated to coordinating LMI initiatives across the five counties.
- 2. The LMI subcommittee will collaborate with state-level agencies, such as the State Workforce Board and WA State Employment Security Department to ensure data accuracy and completeness.
- 3. The LMI subcommittee will forge partnerships with local employers, training providers, and community-based organizations to obtain real-time LMI.
- 4. The LMI subcommittee will work with economic development entities to identify emerging industries and occupations.
- 5. The LMI subcommittee will ensure that LMI is accessible and easily understandable for all workforce development stakeholders and others noted above.

#### **Procedures**

#### Data Collection

- The LMI subcommittee will collect data from various sources, including state and federal agencies, local employers, training providers, and community-based organizations.
- The LMI subcommittee will employ data collection tools such as surveys, focus groups, and interviews to gather real-time LMI.

#### <u>Data Analysis</u>

- The LMI subcommittee will analyze the data to identify trends, gaps, and opportunities in the local labor market.
- The LMI subcommittee will cooperate with economic development entities to assess the local economy's strengths and weaknesses.

#### Data Analysis

- The LMI subcommittee will create an LMI portal that is user-friendly and accessible to all workforce development stakeholders.
- The LMI subcommittee will generate LMI reports, dashboards, and visualizations to present data clearly and concisely.
- The LMI subcommittee will provide regular updates on the local labor market's status and trends to the LWDB and other stakeholders.

#### Capacity Building

- The LMI subcommittee will offer training and technical support to stakeholders on using LMI for decision-making processes.
- The LMI subcommittee will promote the exchange of best practices and resources among stakeholders.

#### Monitoring and Evaluation

- The LWDB will monitor the LMI subcommittee's performance through progress reports and outcome reviews.
- The LWDB will assess the LMI subcommittee's effectiveness in enhancing workforce development programs and services using LMI data.

#### <u>Review</u>

• This policy, the guidelines and procedures within will undergo periodic reviews and updates to ensure the information within remains relevant and effective in addressing the local labor market's needs.

#### MEMORANDUM

To: PacMtn Board

Date: June 22, 2023

Subject: Post-execution MOU/IFA Updates (PY2024)

#### <u>Background</u>

On May 9, 2023, communication around the PY2020-2024 System MOU/IFA PY22 Update was released. Since then, PacMtn has been in negotiation with Employment Security Department for an amendment. After discussion and in agreement, below modifications were committed to:

Update to the Partner Allocation Summary B5 tab of the IFA.

1) The *Wagner-Peyser Performance* section of the *Partners Commitments*, will be updated with the following changes (Page 22):

#### Wagner-Peyser Performance

Only Wagner-Peyser Participants are counted in the Wagner-Peyser Performance Measures. In accordance with the WIOA definition of a participant, jobseekers who desire to become a participant and receive staff assisted services that trigger participation must complete a formal assessment by a staff member and jointly develop an individual employment plan to identify employment goals, achievement objectives, and an appropriate combination of services for the participant to achieve their employment goals. After satisfying all applicable programmatic requirements for the provision of services, including eligibility determination,

One Workforce Wagner-Peyser participants will be measured by the following performance outcomes:

• Employment (Second Quarter after Exit);

• Employment (Fourth Quarter after Exit); and

- · Median Earnings (Second Quarter after Exit)
- 2) The Reemployment Services and Eligibility Assessment (RESEA) Program section of the Partners *Commitments, will be updated with the following changes (Page 24):*

Beyond serving as entry point to the One Workforce system, the RESEA program can also directly support WIOA activities by contributing to infrastructure costs. and providing reimbursement for various reemployment services conducted during or directly resulting from a claimant's participation in RESEA.

PacMtn's mission is to lead dynamic regional workforce development that enhances economic success

3) PacMtn will increase its current contributions to \$21,667 for each of the Affiliate sites – Grays Harbor, Mason & Lewis. The **Partner Allocation Summary B5** will be updated to reflect those increases, with ESD's contributions lowering proportionally:

## Questions

# 1. What do you think are the key Pacific Mountain regional workforce issues facing employers and job seekers?

Closing skills gaps; connecting with K-12 education; providing wraparound services & supports to barriered job seekers.

## 2. What interests you about the Pacific Mountain Workforce Development Council? Which aspects of workforce development interest you the most?

Pac Mtn is uniquely positioned to connect regional employers to youth and young adults as it sits at the nexus between K12 education and career pathways. Aligning the needs of employers, and Industry recognized credentials to the K12 system (and particularly to CTE programs) interests me since my work focuses on building career explore, prep and launch programs with these partners as well as with community-based organizations for underserved and barriered populations.

# 3. What skills, connections, resources, and expertise do you have to offer and are willing to use on behalf of the Pacific Mountain Workforce Development Council and its employer and job seeker customers?

CCL Regional Network Director; Capital STEM Alliance Director (WA STEM), LASER Alliance Director. Former elementary principal and Special Education Assistant Principal. Regional convener, career pathway program builder. Justice, Equity, Diversity, Inclusion champion.

#### MEMORANDUM

To: PacMtn Executive Finance Committee Members

From: William Westmoreland, CEO Wil Yeager, CFO

**Date:** June 8, 2023

Subject: PY23 Preliminary Budget

PY23 Preliminary Final Budget begins services for the **Program Year (PY) beginning July 1, 2023, through June 30, 2024.** The attached budget documents offer a summary of the budget expected to provide needed services for the upcoming year. This version of the budget provides us with a starting point for an operational budget to begin the new program year. We do not have actual grant award amounts or final determinations of carry-in funding so revenue and expenses are based on estimates and assumptions. Some new projects are not yet fully determined or structured so funding is earmarked with details to be developed at a later date. The Final PY23 version of the budget prepared in the fall will be amended to show actual awards, carry-in funds, contract and project expenses.

The attached summary offers a breakdown of both revenues and expenses in the categories the Board is familiar with seeing.

#### **Revenue Projections**

Our revenue forecast for **PY23 is \$9,919,394.** This is **\$4.2 mil less** in total revenue than last year. There are two reasons for the decrease 1) smaller federal and consequent decrease in state WIOA formula allocations and 2) fewer new competitive grants than expiring competitive grants.

The WIOA Formula awards for PY23 are known as of this budget. They represent a decrease of **\$680K** caused by 8.42% lower federal funding allocations and lower in-state allocations to PacMtn of 17.3%.

Generally, with **competitive grants** we have done well on the **number awarded**, but the total **value is lower** than those that are expiring.

Additionally, this year we have eliminated all contract revenue from MyJob and Workfirst. Last year was our transition year for both programs. WorkFirst ended in August and was successfully transferred to a partner. MyJob will end June 2023. While these grants contributed gross revenue to the organization they operated at a loss and did not contribute to the overall health of the organization.

#### New Grants and Possible Funding

**Economic Security for All funds (EcSA) STATE below 200%** - in the amount of **(\$472,267+)**, these funds are not WIOA and have lower restrictions on use. Much of this funding will flow directly to participant investments. These funds are designed to serve participants that are under 200% of the Federal Poverty Level (FPL), to obtain self-sufficiency. Self Sufficiency is defined as attainment of 100% of their Income Adequacy Goal as established through use of the UW Self-Sufficiency Calculator.

**Economic Security for All funds (EcSA) STATE above 200%** - in the amount of **(\$200,550+)**, these funds are not WIOA and have lower restrictions on use. Much of this funding will flow directly to participant investments. These funds are designed to serve participants above 200% of the FPL, to obtain self-sufficiency. Self Sufficiency is defined as attainment of 100% of their Income Adequacy Goal as established through use of the UW Self-Sufficiency Calculator.

**Economic Security for All funds (EcSA) STATE Business Navigators** - in the amount of **(\$108,333)**, these funds are not WIOA and have lower restrictions on use. These funds are used to add business navigators to support industry recovery and growth. To engage employers help them adapt to hiring new populations, develop work experiences, on the job training (OJT), and connect participants to the Workforce System.

**Economic Security for All funds (EcSA) FEDERAL** funding in the amount of (**\$354,945+)**, these funds **ARE** WIOA formula funds, and are designed to serve participants below 200% of the FPL and eligibility and fund use must follow WIOA rules.

**Boeing - Anticipated** funding in the amount of **(\$90,000+)**, these funds **ARE** private donated funds and are designed to support WorkEx (internships for transitioning service members)

Additionally, we have applied through appropriations request for an additional 1.5M in funding that is currently not reflected in the budget.

**Community reinvestment funding** – The community reinvestment account—state appropriation is provided solely for the department (Department of Commerce) to distribute grants for economic development, civil and criminal legal assistance, community-based violence intervention and prevention services, and reentry services programs. Grants must be distributed in accordance with the recommendations of the community reinvestment plan developed pursuant to section 128(134), chapter 297, Laws of 2022 (ESSB 5693).The legislator has approved 200M as a state appropriation.

From this funding PacMtn expects to receive **\$700K** for EcSA poverty work and **\$1M** in funding to support business services.

#### **Continuing Specialty Grants Fund Work**

**QUEST DWG** - funds carried forward from PY22 in the amount of **(\$1,007,127+)**. Funds are used to **coordinate outreach** to recruit eligible participants with a focus on those whose employment has been negatively impacted by COVID-19, including to BIPOC communities, rural communities, people with disabilities, and underserved communities. **Engage with local and regional businesses** to help find the workers they seek and implement new and/or **strengthen local and regional sector partnerships** to inform local, tailored sector strategies to provide opportunities for participants to train for, or translate their existing skills into, high-quality jobs.

PacMtn has awarded 3 applications for use of the funds.

**Ag Labor** - funds carried forward from PY22 in the amount of **(\$462,367+).** These are American Rescue Plan Act (ARPA) funds from Thurston County. The purpose of these funds is to work with Washington State University Extension (WSU) to administer the Agriculture Sector Recovery Program

**Pathway Home (3)** - funds carried forward from PY22 in the amount of **(\$1,311,000+)** we are in the second year of a 3.5-year grant from the Department of Labor that began July 1, 2022. The program dollars focused on the reintegration of ex-offenders. This grant represents an opportunity for future year-over-year funding as we demonstrate success.

**Thurston Strong Job Champion Network** - funds carried forward from PY22 in the amount of **(\$235,000+) scheduled to conclude October 2023.** These dollars come from Thurston County's American Rescue Plan Act funding afforded to Thurston Strong. The money facilitates employment for Thurston County residents and enhances staffing and service delivery for community-based organizations significantly impacted by the pandemic.

**City of Olympia Journey2Jobs** - funds carried forward from PY22 in the amount of **(\$177,000+)** scheduled to conclude December 2023 is part of the Thurston Strong initiative. The program provides job-readiness services for the city's unhoused population. The program is designed to support the city's three primary services providers that are case managing this extremely complex group. The program invests wages and incentives for participants that range in readiness for employment, including those furthest from stability.

**Treatment Sales Tax (TST)** - funds carried forward from PY22 in the amount of **(\$80,000+)** scheduled to conclude December 2023. This is a local funding stream that works alongside federal and state funding;

such as Medicaid; to meet mental health and substance use needs in Thurston County. Programs funded with TST aim to reduce justice involvement, emergency room use, health care costs, and public assistance.

TST is a 1/10 of 1% sales tax collected in Thurston County since 2009. In 2020, this tax generated \$6.9 million in revenue. Funds are used on a variety of services including treatment courts such as Drug Court, services at the Thurston County Correctional Facility, community programs, and programs serving youth and families.

Prep Program – in the amount of (\$123,561+). Under contract to the Thurston County Jail PacMtn will continue provision of services for County residents in work release and in County supervision. The PREP
Program is well received by individuals and Jail Command who recognize it as helpful to the economic, health and welfare recovery of individuals. This program is a cornerstone activity for PacMtn's Re-Entry Services body of work that builds upon and expands services provided through the opioid reduction grants.

**Business Services contractor (Thurston Chamber)** - has secured **(\$150,000+)** additional funding from Lightweight Innovations for Tomorrow (LIFT) to be used to help pay for training at JBLM. This training is for occupations in the machining sector.

**In summary** - in addition to providing critical services these **competitive grants** play an important role in picking up portions of staff time, overhead and administration that helps share the burden with our WIOA Formula base grants.

Our current blend of funding:

WIOA Formula Grants Reflects 44.6%

Competitive Grants 42.1%

Other Misc. Grants 13.3%

PacMtn continues to diversify our funding streams and pursue additional funding.

#### **Expenses**

Pursuant to the intentions of WIOA and State policy, the majority of our revenues are contracted back out to procured vendors to deliver services that adhere to the objectives of the award. In the Budget Summary, these services are identified as either Direct Participant Services, Business Solutions, Special Impact Projects, Misc. Contracts & Projects or Administrative Services. Our emphasis is on providing services that reach and add value for our customers-both job seekers and employers.

As noted in the Summary Chart Administrative Services stand at around 33.7% of total planned expenditures. This is increased, compared to the prior year's budget but is a result of having lower funding to start the program year. As a percentage, we expect it to drop as more anticipated funding comes in during the year. In real dollars, administrative costs are up 95K, due to a reclassification of charges in costs to support integrated service delivery and investment through regional events that convene business, education, and career builders, Future of Work Summit and Business Expo summit.

	(FTE) Total	Direct Services	Administrative
PY23	18	1	17
PY22	19	1	18
PY21	31	8	23
PY20	35	19	16

Full Time Equivalency (FTE) changes in number and nature are reflected in the chart below.

For the most part the rest of the Administrative Budget is steady state. Please note these additional administrative proposed budget changes:

- 1. Increase in staffing charges to reflect potential performance bonuses paid at end of program year in the amount of 47K and current salary increases effective July 1 of 35K representing a 2.84% average increase in salary commitment.
- 2. There is a decrease in benefit charges due to a change in number of staff and a decrease in the cost of our Pension expense by 1%,
  - a. We are proposing the following:

Increasing our benefits to include a cafeteria plan. Most costs are carried by the individual employee not the company. We would like to consider supplemental dollars available to employees who do not use the company allotted medical coverage to its full offering. The estimated cost to run for the PY23 would be 29K.

3. Increasing our investment in the business expo and sponsorship and the youth future of work summit.

#### Critical Investments: New or Continuing

 Integrated Service Delivery-\$60k: As the service delivery model evolves, partner input plays a crucial role in gaining trust in the WorkSource system. This funding will be used to contract a

neutral facilitator to convene partners and discuss the system design. Additionally, a funding model will be designed to support the One-Stop system (IFA).

 PacMtn One-Stop Operator and Operations-- \$155k. PacMtn's One Stop Operator cost 135k and there is 20k slated to support system development to continue the integrated service delivery of this region. Most of this funding is to drive system performance through communications, problem solving, project oversight and system training for the operation of the system. We additionally include funds for training and related support.

#### **Recommending Motion to Approve**

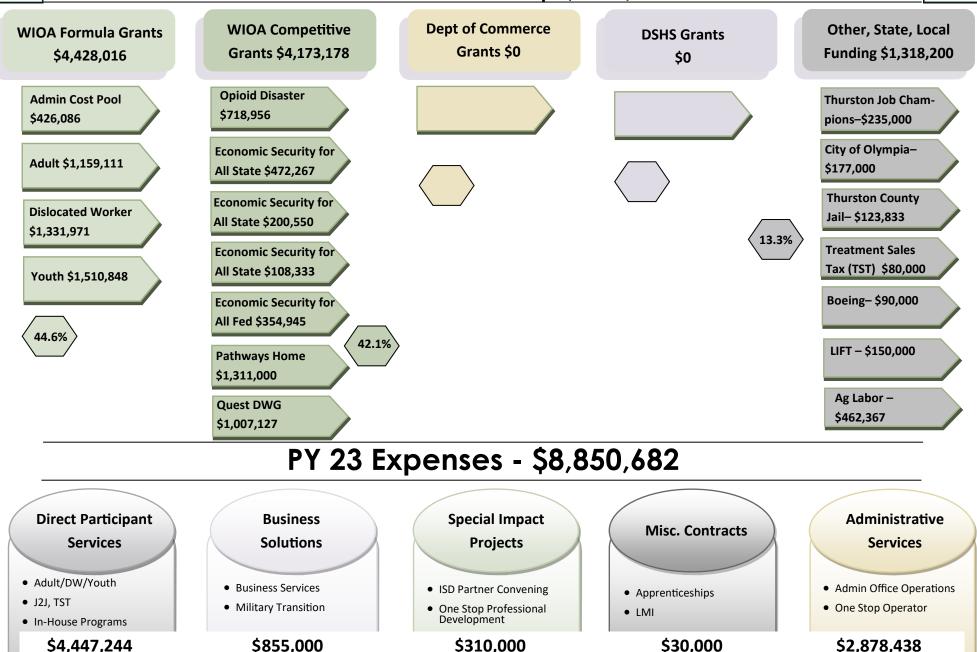

This budget reflects a progressive and thoughtful way to continue fulfilling our requirements and delivering quality workforce services in the region. We recommend a motion that:

- Approves the PY23 Preliminary Final Budget, as presented or revised by the Executive Finance Committee.
- Directs staff to make final preparations for the full Board Discussion June 22, 2023 and the Elected Official review and vote June 29, 2023.
