Overview
The Dislocated Worker (DW) program is one of the six core programs authorized by Title I of the Workforce Innovation and Opportunity Act (WIOA). The purpose of the WIOA Dislocated Worker (DW) program is to help dislocated workers get back to work as quickly as possible and overcome barriers to employment. When individuals become dislocated workers as a result of job loss, mass layoffs, global trade dynamics or transitions in economic sectors, the DW program provides services to assist them in re-entering the workforce. States can reserve up to 25 percent of their DW funds for Rapid Response activities. The program's success is measured by the following core indicators of performance: 1. Employment Rate - 2nd Quarter After Exit; 2. Employment Rate - 4th Quarter After Exit; 3. Median Earnings - 2nd Quarter After Exit; 4. Credential Attainment Rate; 5. Measurable Skill Gains.
