I. Welcome & Leadership Reports

- a. Welcome & Self Introductions
- b. Establish Quorum & Review Today's Agenda
- c. Board Chair Comments
- d. CEO Report (Attachment #1)

II. Action: Consent Agenda

The Consent Agenda is a SINGLE item for Board consideration that encompasses items the Board would typically approve with little comment. Procedural items such as approval of Minutes, or other legal or housekeeping items are appropriate for a Consent Agenda. There can be explanation of items, but there is no discussion of the Consent Agenda. If discussion is warranted or requested ANY item can be immediately removed and placed on the regular Agenda for full board discussion.

- a. **Action Item:** Motion to Approve 6/22/2023 Board Minutes (Attachment #2)
- b. **Action Item:** Motion to Approve PacMtn Program Policy #9500 as presented (Attachment 3)

III. Discussion and Action Items:

- a. Discussion Item: PacMtn Employee Opinion Survey
- b. Discussion and Action Item: Local System Plan
 - i. Action Item: Motion to Approve the Local System Plan to implement strategies agreed upon in the System MOU as presented.

IV. Executive Session: Motion to Move to Executive Session to Discuss Personnel Matters

The Board can move to close the meeting for select and appropriately limited conversation on matters best conducted in confidence including meeting with an auditor on sensitive financial issues, handling top-level personnel matters including the CEO's compensation and performance review, planning for an important transaction like a real estate deal or a merger, matters where "personal or organizational confidentiality is requested or prudent", dealing in a preliminary way (including investigation) with crisis situations or with allegations of improper conduct by the CEO or a board member - before disclosure to staff or others who ordinarily attend full board meetings. Any specific action requiring a vote will be taken in the public portion of the meeting.

The WDC Board will enter to Executive Session for 30 minutes to discuss personnel matters.

V. Committee & Task Force Updates - Committee Leads

- a. One Stop Committee (One-Stop)
- b. Priority Populations
- c. Business and Sector Engagement (BaSE)

PacMtn was successful in securing a **Congressional Appropriation** to support the WorkEx and the A&P programs at Joint Base Lewis McCord. Senator Murray shared the news with PacMtn in late July. The \$1.5 million will be used to expand access to these highly successful military transition programs. WorkEx connects transitioning service members with civilian internships prior to separation, giving them the opportunity to gain relevant work experience to support their transition to post-service employment. The A&P program helps prepare transitioning service members to be successful in key aviation exams that can position them well for high-wage aircraft maintenance employment. Learn more at <https://pacmtn.org/investments/military/>.

PacMtn staff have been working with **PointNorth Consulting** to prepare for the fall retreat September 28, 2023 and the Local Plan - which is due in March 2024. The retreat will be held at the Little Creek Resort and Casino and will afford the Board and Consortium members the opportunity to support the development of the Local Plan. The 4-year plan sets the framework for systems partners to operate the system 2024-2027. To learn more about the Plan and to provide input, visit <https://pacmtn.org/governance/strategic-plan/>.

Results from **PacMtn's Annual Employee Survey** show continued progress on organizational culture, compensation, and employee morale. Significant gains were made related to employee development and pace of change. Additionally, staff reported that they are happy with their total compensation, direct supervision, and their workloads. There is opportunity for improvement with executive team communication, strategic initiatives, and individual salaries. These categories saw improvement, all reporting below 50% in the previous survey - with all at or above 60%, but all three remain below the 80% target. Work is afoot to improve overall communication and engagement around the strategic initiatives including implementation of organizational goals and the use of a new project management system. The effort is to connect everyone's individual goals and work to the overall goals of the organization. Additionally, our annual salary survey identified some potential salary gaps that have been closed. PacMtn will continue these surveys for the foreseeable future.

PacMtn is excited to Welcome two new **ESD Administrators** in the region Phyllis Martin and Sean Wiley. Phyllis is new to ESD and brings experience from Texas - a system that is known in the Workforce Development world for its effective Integrated Service Delivery system. We're already seeing the impact depth of her experience in action. Sean in an internal promotion for ESD. He brings a wealth of knowledge and community experience to the role. We're excited to see where their leadership takes the system.

In early April, William Westmoreland attended **DOL's Employment Training Administration Region 4 & 6 Convening** in San Diego; the first post-pandemic event for ETA. The agenda was packed with opportunities to learn about the direction of ETA including information about WIOA reauthorization, funding opportunities, and technical information related to

delivering services in the One-Stop system. Notable amongst the wealth of information was a loosening of the definition for “marketing” - a term practitioners avoid for fear of disallowed costs. Old ideas of what was disallowed have been clarified and deemed allowable. This will have significant impact on outreach and opens new channels to pursue job seekers.

The One-Stop Committee has tasked the WorkSource System to establish an **Annual Work Plan** as outlined in the System Memo of Understanding and Infrastructure Funding Agreement (MOU). The plan will operationalize the vision set in the MOU and provide clarity around how the system will function. This planning effort is led by the One-Stop Operator and developed by the Partner Coordination Team. The plan will be advanced by the committee to the Executive Finance Committee who will approve the plan for advance to the full board for consideration at the Fall retreat.

Community Visit Series: PacMtn staff recently visited Mason and Lewis Counties. The Mason visit was hosted by Jennifer Baria of EDC Mason (Board Member). The day included a meeting with Commissioner Sharon Trask (PacMtn’s Chief Elected Official), Jaquelin Earley of Sierra Pacific Industries (Board Member) and staff. The group toured two local employers - Ridgeway Motorsports venue and Thermedia to learn more about their operations and the challenges these employers face when securing talent with the current market conditions. Jennifer also shared some key strategies that county is pursuing regarding economic and community development and we discussed how best PacMtn can support their efforts.

The Lewis County visit was hosted by Richard DeBolt of Economic Alliance of Lewis County (Board Member) and included Bob Guenther of Thurston-Lewis-Mason Labor Council (Board Member), Christina Riley of Christina Riley Consulting (Board Member), Peter Lahmann, Port Commissioner (Board Member) and Commissioner Scott Brummer (Consortium Member).

The group visited Shelton Structures and Sorenson Transportation to learn more about their specific challenges and their unique needs. Richard’s team also updated PacMtn on their efforts and how best PacMtn can support their work.

The Grays Harbor community visit is booked for October and we are in the works of scheduling Thurston County’s visit for later in the year.

Each fall, PacMtn honors a local employer that embodies the spirit of **Nancie Payne**, who was a tireless advocate for people with learning disabilities. This award will recognize workplace excellence and customer service, meaning full employee engagement, a constructive, diverse and progressive workforce culture and organizations that commit themselves to better business management practices to ensure successful mission achievement. PacMtn Board members have the opportunity to nominate one recipient from their region. The

Executive Finance Committee (EFC) will select the grand prize winner from the nominees, and all will be recognized that the Regional Economic Forecast & Innovation EXPO in December.

Stories of Impact and Meaning

Shared from the PREP program:

I'm happy to share this success story. We have a client that showed great promise in the classroom setting. Amongst his peers, he was widely respected. His attitude was that of a great team player. His willingness to support and help others was refreshing. Once he was released, he reached out to thank PREP for providing the training as well as support services provided. We connected for our first in-person 1 on 1 meeting, he displayed a level of respect that was appreciated. It was then I knew we had a Unicorn.

Once he received all of the necessary documentation to start working he hit the ground running. There was a day I met him at an appointment to make sure there were no problems. He informed me of an interview for his main targeted job. It looked like he was not going to be done in-time to make the interview. I stepped out to take a call, I came back in and noticed he was on the phone. He looks up and said, "I'm interviewing right now". This was taking place in the waiting area while the other customers listened in. He was very determined to make the interview. I'm happy to see that he used all of the tools and information provided. Being that he used these skills. He had options, all of them were jobs that normally our clients fail to get. He was able to secure employment that pays a good wage and some benefits. I shared with him that he was able to do something many has tried and failed. He was very proud of himself.

Shared from our Partners at Equus:

Beth enrolled in WIOA Dislocated Worker and WA State EcSA services after losing her previous job due to a layoff. She had a specific goal in mind for employment: to create a small business serving senior citizens in our community. During her enrollment, she completed a Peer Navigation Certification training and earned her Peer Counselor credential. With the help of her TR, Beth had a Work Experience (WEX) at Senior Support Center for South Sound. While in her WEX, Beth was also referred to Washington Center for Women in Business, Enterprise for Equity and SPSCC's entrepreneurship programs.

With all of the training and services she received, Beth is now serving seniors through her small business. She has applied to be a service provider for insurance billing, hired an assistant and is utilizing a marketing professional to continue growth of her small business.

She utilized EcSA incentives earned for Achieving a Credential, Completing 120 Work Hours, Achieving a Self Sufficient Wage and completing seven (7) financial literacy and planning courses. In total, she earned \$3,900 and utilized the incentives to support herself during her training and business set up.

MEMORANDUM

To: Executive Finance Committee

Date: September 7, 2023

Subject: Program Policy: ARPA OJT #9500

Purpose

The Coronavirus State and Local Fiscal Recovery Funds (SLFRF) facilitated by the American Rescue Plan Act of 2021 provides state, local, and Tribal governments with the resources needed to respond to the pandemic and its economic effects and to build a stronger, more equitable economy during the recovery.

Specifically, ARPA provides that SLFRF funds may be used to respond to the public health emergency or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality.

This policy provides guidance and allowances on activities and services under the American Rescue Plan Act to include employer wage disbursements locally referred to as On the Job Training Services.

PacMtn is allowing the use of employer wage disbursements, also known as On the Job Training services. On the Job Training is defined as a training provided by an employer to a paid participant while engaged in productive work in a job that improves knowledge or skills essential to the full and adequate performance of the job.

On the Job Trainings provides reimbursement to the employer of up to 50% of the wage rate of the participant, for the extraordinary costs of providing the training and additional supervision related to the training.

Recommendation and/or Recommended Motion

- Motion to recommend to the WDC Board to approve PacMtn Program Policy #9500.

Purpose

The Coronavirus State and Local Fiscal Recovery Funds (SLFRF) facilitated by the American Rescue Plan Act of 2021 provides state, local, and Tribal governments with the resources needed to respond to the pandemic and its economic effects and to build a stronger, more equitable economy during the recovery.

This policy provides guidance and allowances on activities and services under the American Rescue Plan Act. Specifically, ARPA provides that SLFRF funds may be used to respond to the public health emergency or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality.

Policy

PacMtn allows the use of employer wage disbursements, also known as On the Job Training services to support households and small businesses to recover from negative economic impacts caused by the pandemic.

This policy provides guidance regarding the limitations and eligibility of individuals to participate in On-the-Job Training (OJT) opportunities. OJT opportunities provide structured training for participants to gain the knowledge and skills to be competent in the job for which they are hired and lead to stable employment.

On the Job Training is defined as a training provided by an employer to a paid participant while engaged in productive work in a job that improves knowledge or skills essential to the full and adequate performance of the job. On the Job Trainings provides reimbursement to the employer of up to 50% of the wage rate of the participant, for the extraordinary costs of providing the training and additional supervision related to the training.

On the Job Trainings are limited in duration as appropriate to the occupation for which the participant is being trained, taking into account the content of the training, the prior work experience, and the service strategy of the participants, as appropriate.

Congress specified two types of ineligible uses of funds: funds may not be used for deposit into any pension fund or, for states and territories only, to directly or indirectly offset a reduction in net tax revenue resulting from a change in law, regulation, or administrative interpretation.

Policy Guidelines

Participant Eligibility

Individuals must meet both criteria below:

- OJT employees must have individually or been apart of a household that experienced unemployment, experienced food or housing insecurity, or is low or moderate – income experienced negative economic impacts resulting from the pandemic.
- OJT may be provided for participants who are either unemployed or underemployed individuals to include individuals who want and are available for work, including those who have looked for work sometime in the past 12 months or who are employed part time but who want and are available for full-time work.

Employer Eligibility

MEMORANDUM

To: PacMtn WDC Board of Directors

Date: September 28, 2023

Subject: PacMtn Employee Opinion Survey

In 2022, PacMtn leadership committed to focusing on its workplace culture. To guide efforts in this, PacMtn has established a contract with an HR consultant. Since the launch of the first Employee Opinion Survey last year, there have been annual salary analysis with adjustments where necessary, updated job titles and descriptions, organizational restructure and emphasis on professional development. It has been determined that Annual Employee Opinion Surveys will provide employees with consistent opportunities to have their voices heard on a larger scale.

We share an overview below of the trends observed.

Trends Observed:

What is going well?

1. Relationship between supervisor and employee: In general, the relationship between employees and their direct supervisor is going well. Overall, they feel they are heard, and have adequate communication with their supervisor.
2. Relationships with coworkers: Employees love coming to work and being a part of their team. They see value in their teammates and are happy to work together towards goals.
3. Work schedule: A majority of employees are content with their work schedule, some desire more flexibility to work from home. However, a majority of employees state their preferred means of communication is in person.
4. Reaction of Change/Pace of Change: Employees report an improvement in their reaction to the pace of change, as compared to last year's results.
5. Workloads/Capacity: Workloads and capacity appear to be balanced overall. Overall there were positive increases in data in regard to employees feeling they have a reasonable amount of work.
6. Benefits: Employees are overall satisfied with their benefits package.
7. Employee development: This has been a large improvement area for PacMtn. Employees generally now feel that employee development is promoted, and that there is opportunity for the future. 100% of employees think skill enhancement/professional education is promoted (in general).
8. Role Clarification: A majority of employees feel that their role has been clearly explained to them and that they understand it now. However, 40% of employees still do not feel they have enough adequate training specific for their role.

9. Board of Directors Engagement: Overall, employees see the importance of and the improvement in engagement with the board. However, 40% of employees do not feel informed about the board meetings and topics discussed within the board meetings.

What needs improvement?

1. Communication: Communication in general, and most specifically communication from executive leadership trends as needing improvement. Specifically, 40% of employees did not think the Programs changes moving from direct service delivery to strategic relationship management were communicated effectively.
2. Strategic Initiatives Implementation: Some improvement can be made when executive leadership plans and implements strategic initiatives. For example, 40% of employees do not think the Programs changes moving from direct service delivery to strategic relationship management were well thought out or planned effectively.
3. Salary: Some employees are still not satisfied with their salary at PacMtn. However, this is a positive trend from last year- 40% of employees are dissatisfied with their salary as compared to last year at 60%.

Activities and Progress

Future activities to promote workplace culture include Community Service Days as a whole organization, continued team building activities throughout the year and an introduction of a cafeteria plan to increase our benefits package.
